Two Crashes Moments Apart

Car Rips Pole In Chase; Youth Grabbed By Police

BOTH THE UTILITY POLE and a stolen car took a beating when they came together early this morning on Dresden Ave. The auto had sheared off a street light standard a few minutes earlier.

A 20-year-old East Liverpool resident is back in Woodside Receiving Hospital at Youngstown after a stolen car he was driving sheared off a street light standard and a utility pole in two crashes moments apart early today in the downtown area and he leaped from the porch roof at a home as part of the flight from police which followed.

Ronald Egnor of 931 Dresden Ave. had been released from the Youngstown institution only Wednesday as an after-math of another incident early the morning of Aug. 7 in which he survived a leap from the Chester Bridge into the Ohio River.

Subdued this morning by a tear gas spray gun wielded by Patrolman Howard E. Frontz, Egnor was taken to City Hospital for treatment of small lacerations of the face and then returned to Woodside in an ambulance.

OFFICERS said he was driving a 1960 model compact auto stolen from Central

Service, Inc., at W. 7th and Jackson Sts. when it sheared off a street light standard at Dresden Ave. and 6th St. Then he backed away and drove north on Dresden Ave., colliding with a utility pole about 540 feet north of Moore St. The incidents were timed at 1:53 a. m.

A traffic accident report prepared by Patrolmen Ronald Brooks and James W. Buckley said Egnor was turning off W. 6th St. onto Dresden Ave. when he failed to straighten the wheels, causing the auto to hit the lamp post on the sidewalk on the west side of Dresden Ave. The impact sheared off the heavy metal post near its base.

Egnor then threw the auto into reverse and backed across W. 6th St. nearly to the southwest corner on W. 6th and Market St., officers said. Two bystanders attempted to get him out of the car, but he headed north on Dresden Ave. at high speed.

While rounding a curve near Moore St., he failed to

straighten the wheels, causing the auto to smash into the utility pole. The pole was snapped in half and the car was demolished.

When Officer Frontz arrived at the scene, he found the driver had freed himself from the wreckage. Residents of the area said the man had fled up a hillside and disappeared between two houses.

When the officer started up a flight of steps on the grade, a bystander shouted that the man was on the roof of a home. As Frontz looked up, Egnor leaped the 10 feet to the ground and fled. The officer had pursued him about 25 feet when Egnor stopped, turned around and kicked an elderly man who was standing in the yard at his home watching the chase.

FRONTZ PULLED his service revolver and ordered Egnor to put up his hands and walk to the cruiser. Instead, Egnor charged the patrolman.

Includes Reservists, Guardsmen

House Group Sifts Plan For LBJ To Call 60,000

WASHINGTON (AP)—The House Armed Services Committee is considering legislation that would authorize President Johnson to call to active duty an estimated 60,000 Reservists and National Guardsmen not now attached to units, it was learned today.

Sources said the committee is expected to vote early next week on the proposal—described as the House's answer to a Senate amendment that would have given the President power to call up individual Reservists and Guardsmen with less than 24 months active duty.

The House rejected the Senate proposal—tied to the massive \$58-billion defense money bill—by a vote of 378 to 3 Thursday. Members then voted 381 to 1 for the appropriation bill and sent it back to the Senate.

Members and staff of the Armed Services Committee sharply criticized the Senate proposal today in a series of interviews, describing it as poorly thought out, hastily conceived and sloppily written.

"The Senate amendment was not thought out well and it will have grave repercussions," committee chairman L. Mendel Rivers, D-S.C., said.

"Our committee is dealing with the subject and is going to put out a bill," he added. "We don't like the (Senate) Ap-

propriations Committee bargaining in."

Rivers described his committee's pending legislation as a "reserve forces bill of rights" and said it would spell out by law the makeup and administration of the Reserves and National Guard.

The bill was written by a subcommittee headed by Rep. F. Edward Hebert, D-La., after months of hearings into the matter, Rivers said.

Although Rivers and other committee members refused to say more, a high committee source said a key provision of the Hebert bill "simply provides that any Reservist or Guardsman who is not attached to a unit and has not completed 24 months of active duty would be liable for active duty."

"These people are in control groups," he added, "just sitting there, whether due to accident or design. Some have completed six months of active duty."

Control groups are "paper" units made up of Reservists who are unable, for various reasons, to attend weekly or monthly drills.

The source estimated there are 50,000 to 60,000 Reservists or National Guardsmen in this category. "The bill's language," he said, "without the declaration of a national emergency, would permit President Johnson to call them up."

Faith's Fury May Not Hit Puerto Rico

MIAMI, Fla. (AP)—Hurricane Faith, weakening slightly and still veering more to the north, moved across the northern fringes of the Leeward Islands today on a course that lessened the chance of dangerous winds at Puerto Rico.

The storm, with top winds dropping from 100 to 90 miles an hour, was expected to pass over Anguilla in the British Virgin Islands chain today. This track would take the hurricane's eye 50 to 75 miles to the north of San Juan, Puerto Rican capital.

Since hurricane-force winds whirled only 25 miles to the south of the storm's eye, San Juan and the U.S. Virgin Islands apparently would get off with a gale-type blow. On the strong north side, hurricane winds blew 75 miles outward.

Hurricane warning flags were up in Puerto Rico and the residents were busily preparing for the storm's fury. Public schools and most government offices, as well as the University of Puerto Rico and the Roman Catholic university in Ponce, were closed.

Officials were warning residents in the northern Virgin Islands and north coastal sections of Puerto Rico to be ready for strong winds, heavy rains and high seas. Reports indicated large waves smashed onto coastal roads on the beautiful French-Dutch St. Martin, one of the most northern islands in the Leeward chain.

1st Infantry Hit During Viet Battle

Some Reports Say 7 GIs Killed And Over 20 Wounded

SAIGON, South Viet Nam (AP)—Two U.S. Air Force Supersabre jet fighters dropped fiery napalm by error today on soldiers of the U.S. 1st Infantry Division fighting a savage jungle battle against 500 Viet Cong only 20 miles north of Saigon.

The accidental strike took a heavy toll of infantrymen. Some reports said seven Americans were killed and more than 20 wounded.

Maj. Gen. William E. De Puy, division commander, flew to Saigon to give newsmen an account of the bombing.

De Puy absolved the Air Force of blame for what he called "this unfortunate napalming of our own troops." He said the infantrymen called in air strikes "very close" to their own positions, but "we did not ask for napalm on our own troops."

De Puy said, "It was a rough battle in which we killed more of them than they killed of us, but not as many as we would have liked to have killed."

"As of now, we have 53 VC (Viet Cong) dead."

De Puy said the enemy toll would mount as his men pushed through the jungle area and found bodies of Viet Cong killed by repeated air assaults and artillery barrages.

De Puy said the napalm was dropped only five minutes after a fight between men of the division—the Big Red One—and elements of the crack Viet Cong battalion.

It occurred north of Lai Khe near north-south Highway 16 where three battalions of the division pursued the Communists who had engaged the American infantrymen in a bloody fight through the day Thursday.

The enemy unit was identified as the "Phu Loi Battalion," reputed to be one of the toughest Viet Cong outfits in the field.

Severe losses were reported on both sides as a result of the fighting but no official figures were disclosed. At one point on the battlefield, 45 Viet Cong bodies were counted. Lt. Col. George M. Wallace, of Charlottesville, Va., commander of one of the battalions involved, said the Communists had been severely punished.

Among the American dead were a battalion commander and two company commanders.

The U.S. forces were backed up by artillery and heavy tanks in addition to air power.

The heavy fighting tapered off at nightfall, but the Americans pressed a search for the enemy today.

In the air war on Communist North Viet Nam, U.S. warplanes followed up their record strikes Wednesday at supply and transport facilities with renewed attacks Thursday, the U.S. Military Command reported.

A spokesman said Navy A4 Skyhawks from the carrier USS Constellation hit oil facilities 30 miles northeast of Vinh. Pilots reported large secondary explosions and saw one fireball about 150 feet in diameter.

On the political scene, South Viet Nam's two-week national election campaign opened officially today, leading up to the crucial balloting Sept. 11 for a national assembly to write a national constitution.

Heavy Toll Feared

U.S. Jets Drop Napalm By Error On Own Men

DAVE THOMPSON, 18, a senior at Southern Local High School, shows off his grand champion Hereford in the steer sale ring at the Lisbon fairgrounds Thursday night. With him are Joseph Alessi (left) and Walter Alessi, both of Salem, who bought the animal for Ideal Food Stores. The grocery concern donated the Hereford to Salem City Hospital and Salem Central Clinic.

Cycle Mishap Kills Driver, Injures Youth

Salem Man Claimed By Accident Along Road Near Leetonia

County's 1966 Traffic Toll 19 KILLED
This date in 1965—26 killed
DRIVE WRECKLESSLY

A 23-year-old Salem man was killed and a teen-aged passenger injured when their motorcycle veered off a curve on Route 344 near Franklin Square Thursday night and went over an embankment.

Archie William Kleist of 1470 Franklin St., Salem, was pronounced dead at Salem City Hospital following the mishap, which injured David Ralph Cioffe, 17, of 1778 Fairview Court, Salem.

The Ohio Highway Patrol at Lisbon said Kleist was headed east when he lost control of the cycle on a curve about a half-mile east of Franklin Square in the Leetonia area.

The cycle went off the north side of the roadway and down an embankment, traveling 161 feet.

Officers said Kleist and Cioffe were both thrown off the cycle. Kleist died from a fractured neck and internal injuries, according to Dr. William Kolozsi, Columbiana County coroner.

Cioffe was treated at the hospital for multiple bruises and abrasions and released.

The death was the 19th traffic fatality in the county this year, compared with 26 at this time in 1965.

Services for Kleist, a truck driver for the Lowry Supply Co. of Salem, will be held Monday afternoon at 1:30 at the Stark Memorial at Salem.

150 Walk Off Jobs At Hanna Coal Mine

CADIZ, Ohio (AP)—About 150 day shift workers of the Franklin Mine of the Hanna Coal Co. in Harrison County here walked off their jobs today in a local dispute. The mine employees about 350 workers on two shifts.

In Bellaire, the United Mine Workers headquarters said it had no word of the walkout.

Record Crowd On Hand

Steer Sale Holds Spotlight At Fair

By PAUL YOUNG

LISBON — A record crowd filled the fairgrounds coliseum Thursday night for the sale of a record 91 steers raised by 4-H'ers and Future Farmers of America.

First into the ring was Dave Thompson, 18, of Hanoverton R. D. 1, at the halter of his grand champion 995-pound Hereford from the family herd.

With Hubert Amos of Scio handling the bidding, the price went to 67 cents a pound, or 13 cents more than the 1965 champion.

THE RESERVE champion, a 985-pound Angus raised by Jerry Ward, 18, of Columbiana R. D. 1, brought 44 cents, or 5 cents less than the reserve last year.

Ideal Food Stores purchased both animals last night to donate

to Salem City Hospital and Salem Central Clinic.

The Hereford's win ended several years of Angus domination. Judge Bill Wharton of Ohio State University said Columbiana County had one of the finest groups of steers he has seen in Ohio this year. He is in charge of the state production testing program for sheep and beef cattle.

Thompson, a senior at Southern Local High School, is a son of Mr. and Mrs. Harold Thompson, whose farm on Route 518, 1.5 miles west of Gavers, is known for potatoes and strawberries.

Last night, however, the Thompsons became famous for steers. Dave also took first place in the middleweight class, with a 950-pound Angus, and his

Firemen Hurt Battling Blaze At Hookstown

Route 168 Home Damaged As Fire Strikes In Cellar

A Hookstown fireman received a cut on his arm and another was overcome by smoke while fighting a blaze Thursday night at the home of Mr. and Mrs. Bevy Reed of Mill Creek Hill on Route 168.

Homer Matchett of Georgetown R.D. 1 received the arm injury and James Hubbard of Hookstown was overcome by smoke, although he was wearing a mask. Matchett was taken to East Liverpool City Hospital for treatment and Hubbard was administered oxygen at the scene.

Both are members of the South Side Volunteer Fire Department.

Mrs. Reed and her children were at the Hookstown Fair when the fire broke out in the basement. Her husband was at work at the Midland Works of the Crucible Steel Co.

A woman passing by saw the flames and called firemen from a nearby service station. Twenty members of the South Side department responded and were assisted by a pumper dispatched from Shippingport.

The firemen, who received the call at about 8, were on the scene for about two hours.

Fire damage was confined to the basement, but there was extensive smoke damage.

A faulty light switch was the suspected cause of the blaze.

Rocket Blast Ruins Satellites' Chances

CAPE KENNEDY, Fla. (AP)—A Titan 3 rocket exploded into boiling fireball high over the Atlantic Ocean today, ruining an Air Force attempt to hurl eight military communications satellites into orbit.

The Air Force reported there was no immediate indication what went wrong with the big booster. The explosion occurred after about 80 seconds of flight and sent fiery debris falling into the sea off the Florida coast.

The failure was the first for the Titan 3, largest rocket in the Air Force arsenal.

Bob Hope, Beauty Pageant Waited

Record 187,200 Attend
First Day Of Ohio Fair

COLUMBUS, Ohio (AP) — Twelve-year-old Ralph Gevas edged his way into the Ohio Exposition Center just after the ribbon was cut and became the first of 187,200 persons to attend the opening day of the 1966 State Fair.

A record figure by far for any opening day, admissions Thursday consisted of 29,043 who paid their \$1 and 157,357 who got in free on the traditional All-Ohio Youth Day.

Huge crowds are forecast this weekend when such attractions as Bob Hope and the Miss USA-World Pageant finals are on tap, and officials headed by Fair Manager E. J. Keirns now calculate their initial prediction of 1.5 million attendance for the 12-day show may be modest.

Saturday is Youngstown Day, Grange Day, Farm-City Day at the fair.

The exposition marked Southern Ohio Day today, with band-leader Cab Calloway and television star Art Linkletter—for the second day—as headliners

and the Junior Fair Queen contest another highlight.

Virginia Wilson of Newark won a first place ribbon for her vegetable display and there were other blue ribbons in 4-H and FFA events for youngsters from all over the state.

The sourest note of the day came when "Ohioans for a Reasonable Settlement in Viet Nam" set up a booth and started passing out literature, only to be asked to close up.

The group was urging an end to the Viet Nam war.

"We didn't feel it was in the best interests of the fair," said William Onslow, assistant fair manager.

"We're promoting Ohio, not issues."

Aides were Susan and Toni Trimble, Carolyn and Marilyn Brandon, Steve Trimble, Sam Laughlin, Andrew McHaffie, Thomas McHaffie and William Wagner.

The young people will appear on the Paul Shannon television show over Channel WTAE on Wednesday at 5 p. m.

The annual door-to-door muscular dystrophy drive will be held Sept. 22-23, with Debra McHaffie in charge, assisted by Carolyn Brandon and Susan Trimble.

Lynn and Renie Blizzard of Belpre, Ohio, have concluded a visit with Mr. and Mrs. William Rowley.

Mr. and Mrs. Wendell McPherson of Morgantown, W. Va., have returned home after a visit with Mr. and Mrs. Ford Dawson of Route 1.

Mrs. O. M. Carse of Cleveland was a Tuesday guest of Mrs. Louis Wagner. Other guests were Mr. and Mrs. Walker Scott and Mr. and Mrs. John Simpson of Oakdale, Pa. Mr. and Mrs. Philip Hewitt have returned home after a visit with Dr. and Mrs. Donald Quinsey and Mrs. Jefferson Hewitt of Orono, Me. They also visited in Nova Scotia.

Key Changes
Announced In
Utility Posts

FAIRMONT, W. Va. — Donald M. Kammert, president of the Monongahela Power Co., will become executive vice president of Monongahela's parent company, the Allegheny Power System, Inc., early next year, it has been announced by J. Lee Rice Jr., president of APS.

Approval of Kammert's promotion to the system post came this week during the monthly meeting of the directors of the system and its operating companies.

Other top management changes approved by the directors include:

Cecil G. McVay, Monongahela vice president in charge of power generation, promoted to executive vice president of Monongahela.

Carter B. Withers, named vice president, power generation, to replace McVay. The promotions of McVay and Withers will become effective Sept. 1.

Eric C. Summers, a former Monongahela executive who is now senior vice president of the West Penn Power Co., was elected a vice president of the system's service company. He will continue to be located at West Penn's general offices in Greensburg, Pa.

Kammert has been president of Monongahela since Jan. 1, 1964. He came to Monongahela a year earlier as administrative vice president. Most of his career has been in the utility business and, since 1943, with the Allegheny Power System and its predecessor companies. In 1951 he was elected controller of West Penn Power and advanced to vice president in 1954, a position he held at the time of his transfer to Monongahela.

Thief Slashes Straps
To Take Girl's Purse

An East Liverpool girl told police Thursday afternoon a thief slashed the straps holding her purse to a larger pocketbook, making off with \$1.10 in cash and various other items.

Miss Sherry Hopson of 449 Ray St. told officers the thievery occurred "somewhere in the downtown area" between 11 a.m. and 1:30 p.m. yesterday.

In addition to the cash, the purse contained school bus passes, lipstick, cologne and assorted miscellaneous articles, she reported.

A Birthday Wish For LBJ

As President Johnson moves out of his 57th into his 58th year, he must be aware of the fact his countrymen think he is having a rough journey in his first term.

His admirers are feeling sorry for him. His critics are having a certain amount of savage enjoyment out of the fact he is getting what they claim he deserves.

One wonders how Mr. Johnson, himself, feels about this—how he would feel if it were possible to peel off the official covering and discover his innermost state of mind. Isn't it possible he is taking his presidential experiences in stride, instead of being thrown into a state of despair because he has acquired more critics and problems than he had when he began his first full term with a landslide vote in his favor?

It is being pointed out that he is learning about the limitations of presidential power. That seems presumptuous. Lyndon B. Johnson had watched the limitations of presidential power in the administrations of Franklin Roosevelt, Harry Truman, Dwight Eisenhower and John Kennedy before he entered the White House.

He knew from past experience that presidential power, like presidential popularity, ebbs and flows. When it is flowing, all things seem possible. When it ebbs, nothing seems possible.

It ebbed for Roosevelt after his disastrous defeat on the court-packing bill in 1937. It ebbed for Truman after the war crisis ended. It never really flowed for Eisenhower, and it ebbed for Kennedy when his legislative program stalled in 1963.

President Johnson is no newcomer to public life. He is no neophyte in politics. It may

be he deplores the things that have blurred his earlier image as a public figure who made all things seem possible — the racial clashes, the disastrous adventure in Southeast Asia, the ironic worry because things are popping along so dynamically everybody is worried because they are too good.

But it could be, too, that he is wise enough in the ways of the world to know if it hadn't been one thing it would have been another.

As a birthday wish for a president of the United States, it would be hard to improve on this one — that he always should know if it hadn't been one thing it would have been another and this is what the toughest job in the world is all about.

A Royal Couple

A salute to the latest royal couple of Youth Day at the annual Columbiana County Fair.

Sandy Glass of near Wellsville and Glenn Stewart of near Salineville are carrying on in the best tradition of the 4-H youngsters participating in an ever-expanding program throughout the county.

There's something especially stimulating about those who wave on high the banner of the organization which has served so faithfully over the years.

Their energetic approach to life, their smiling faces and their confidence in the future help wipe out the bad taste that is being left by some youngsters moving in the opposite direction.

Ready, Set . . . Vote!

Next to passing laws and spending money, the thing Americans trust most is voting.

The more voting the better. Nothing is official until it has been voted on. It is a stirring thought — that Americans can settle everything by voting.

But like many stirring thoughts, this one has soft spots in it. Americans are about to discover there are soft spots in the forthcoming voting in South Viet Nam.

Elections to fill 117 seats in the National Assembly will be held Sept. 11, barring a change of heart by the military directorate under Premier Nguyen Cao Ky. This is one soft spot—the absolute authority of the military directorate.

Another soft spot is the provision that gives the militarists the right to change any part of the new constitution to be written by the National Assembly, unless two-thirds of the members object.

Still another soft spot is the fact the militarists have kept the press muzzled up until now and are removing the muzzle only to give the semblance of free discussion in the few days remaining before the election. It will be a breathlessly short campaign.

'Liberation' 66 Years Later

The sad at heart have been saying the United States has never had a worse time than currently in Viet Nam. A total of six jungle villages were wiped out by our accident and error in two weeks, killing and wounding large numbers of innocent civilians. What more proof is needed?

The distressed Americans have a short memory. The Spanish - American war was not long ago. It ended in three months with victories at Manila Bay and Santiago.

Then, for the next two years, Americans fought a guerrilla war in the Philippines. Our brown brothers ignorantly assumed freedom was for them, just as it was for the Cubans. They did not know their liberators from Spanish oppression were also their conquerors, for

their own good, as we vainly explained. Alas, for Aguinaldo and his followers, manifest destiny had other plans for their islands.

And so jungle villages were destroyed and Asian natives killed by Americans in 1900, just as in 1966. Atrocities by Filipinos were repeated by Americans and duly reported in the press of the day, just like the Viet Cong's bombing of a Saigon native restaurant.

It took two world wars, the self-determination of nations and the Atlantic Charter to come and go before the Filipinos at last were given independence by a generous American.

Hopefully, some day Viet Nam will reach its goal after the French and Americans have gone away. The great U.S. base at Camranh Bay suggests that won't be soon.

Times Change

By James Marlow

WASHINGTON — This week New York Mayor John V. Lindsay went before a Senate subcommittee looking into what it called the crisis in the cities and talked about the plight of his city.

He said it would take \$50 billion more in federal funds in the next decade to transform New York City into a "thoroughly livable and exciting place in which to live."

He said: "Without more federal money, the cities just can't make it."

And not long behind Lindsay came the mayor of Detroit, Jerome P. Cavanagh, who said his city would need \$15 billion in federal aid in the next decade.

This so startled Sen. Robert F. Kennedy, D-N.Y., a member of the subcommittee, that he did some hasty arithmetic and announced that, if all the urban areas asked proportionately as much as Lindsay and Cavanagh, the drain on the federal treasury in the next 10 years would top \$1 trillion.

The other New York senator, Republican Jacob K. Javits, also a subcommittee member, promptly said he was not appalled at the figure.

IT MAY BE a good deal more than 10 years before the government gets involved with the cities to the tune of \$1 trillion, but the fact that no one screamed in pain at Kennedy's mention of \$1 trillion shows how well adjusted the country has become to looking to Uncle Sam for help.

It wasn't always that way, although the idea goes a way back.

In the budget he sent Congress in January, President Johnson asked \$106.4 billion to cover expenses — including \$60.5 billion for defense-related spending.

In this total he asked money for various welfare programs and other kinds of government help. \$1.6 billion for the war on poverty, \$2.8 billion to help education. He asked \$12 billion for programs he said are parts of the 'Great Society' program.

This seems a long way to go in a hundred

years or so. But the foundations of the government's feeling of responsibility for the general welfare — and today's opposition to that idea — were all laid down 100 years or more ago.

—were all laid down 100 years or more ago.

In 1854 President Franklin Pierce vetoed a bill to provide government help for the insane poor, saying the welfare clause in the Constitution didn't give Congress power to provide for the poor, insane or not.

He said help to the poor makes them more helpless and dependent. That was one viewpoint. But between 1850 and 1871 Congress gave railroads 131,350,000 acres of land as outright gifts, while Western states added 49,000,000 acres more, or a total area larger than Texas.

AND DURING the next few years the railroads sold the land at an average price of \$5 an acre. At the same time, however, Congress established the foundation for what was to follow in the next century.

In 1862 it set aside public lands to support agricultural and engineering colleges. And in the same year, under the Homestead Act, Congress gave away more public lands in the West, 160 acres to each man who was willing to stay on them five years and farm them.

Yet, as late as 1887, when Congress voted only \$10,000 to buy seed grain for drought-stricken farmers in Texas, President Grover Cleveland, like Pierce before him, vetoed it.

"The lesson should be constantly enforced that, though the people support the government, the government should not support the people," Cleveland said.

It was not the job of the government, he said, to spend money for the relief of individual suffering.

McNamara Gets Equality Goal

The Department of Defense is the world's biggest employer of labor. Secretary Robert McNamara, as the head of this vast system was asked to comment on his department's impact on labor and its policies.

By ROBERT McNAMARA
Secretary of Defense

WASHINGTON — I'm pleased to accept Mr. Riesel's invitation to contribute this guest column. Managing the Department of Defense is, in so many ways, a question of applying human resources to national needs. This, of course, means labor.

As the largest employer in the world, we have a natural interest in labor, just as labor has a natural interest in us. For without the efforts of the many millions of Americans who work with us — either directly or indirectly — there can be no effective Defense Department. Human resources available to the government are our most priceless resources. How we use them demonstrates, as perhaps nothing else can, the kind of country we are.

THE PRIMARY MISSION of the Department of Defense is to keep America strong. But our large effort also contains a moral obligation. The money, the resources, the labor that are used in the defense effort must be expended in accord with our principles and our traditions. This means that the Defense Department, in partnership with industry, must provide labor with equal opportunity for all. Not only must the nation be defended — our heritage must be defended as well.

This was the thinking which prompted President Kennedy's Executive Order 10925, issued in 1961. Its guiding principle is clear and simple. Industry, in fulfilling the government's contracts, must give the same equal opportunity to labor, without regard to race, creed, color or national origin, that the federal government insists upon in its operations. There must be no discrimination. There must be no bias. There must be equal opportunity for all.

The directive was not without a bite to it. A vital clause stated that the government could cancel a contract were it determined that discrimination was being exercised in the fulfillment of that contract.

It has been the policy of the Department of Defense to buy at the lowest sound price but we all agreed that price was unacceptable if it meant the exclusion of some Americans from their birthright.

THE VAST MAJORITY of American industry was eager to comply. But compliance was not a simple matter. For the more one looked at the problem, the more one realized that its roots lay in a whole social structure.

Equal opportunity does not come from segregated local unions.

Equal opportunity is not born out of Negro ghettos.

Equal opportunity finds no home in poor housing, inadequate education, inferior training programs.

To comply with this order, in short, meant a government-wide effort as well as an industry-wide effort. To comply with this order meant,

in fact, a compliance with the promises of the American Constitution.

The statistics for the 1964-65 non-white employment in the first 100 companies enrolled in industry's voluntary Plans for Progress program have been encouraging. While the total employment in these companies has increased 6 per cent, the increase in total non-white employment increased 19.1 per cent.

Yet, in an expanding economy, the gains in non-white employment by these 100 companies have not been reflected on a national basis. These companies have shown what can be done, but the great national imbalance in truly equal opportunity, opportunities within the whole spectrum of management and labor, still remains a challenge for what must be done.

IF THE OBLIGATIONS of citizenship require a non-white citizen to serve in battle, he must also be able to serve, without discrimination, in industry.

If a Negro can become an officer — and hundreds have — equal opportunity should mean that he can also become an office manager.

In short, we must build our country as we build our strength. It would be a hollow thing indeed if, in the act of building our defenses, we overlook the very principles which we have set out to defend.

Many problems must be solved before equal employment, not only in defense related industries, but also throughout the country, becomes a reality. Some of these problems are social, some are economic, some are political.

Most important, one gets the feeling that industry and the whole country are beginning to recognize the right of equal opportunity — not just because the government says it has to—but because it is just.

Letter To Editor

EDITOR OF THE REVIEW:

People talk about freedom of speech. But it's not freedom of speech when neighbors complain that I yell at my two daughters or I keep my curtains opened in the daytime and close them at night.

And it's not freedom of speech when I had to be told by a schoolteacher that I swear. I feel that what one does is one's own business.

I pay my rent, my utilities, buy my own groceries, take care of my children and mind my own business. If I'm not allowed to play the radio or television what's going to become of me? What did they make television or radio sets for?

This is America, the land of the free. And free means we are allowed to do what we please. I wonder what some people would do if all they had to do was sit around and watch what others do. How do they ever get their work done? I'm not perfect, no one is.

I feel deep down in my heart that people shouldn't throw stones at glass houses or judge other people. I'm not complaining, I'm just telling what everyone should know.

GOP Windfall

Kennedy Could Divide Democrats

Perhaps Republicans should begin to study the dividends they may get from the political maneuvering of Sen. Robert F. Kennedy as he boldly and aggressively seeks to attain a controlling voice inside the Democratic party throughout the country. He wants to be president, of course, but whether he would try for the vice presidency in 1968 and the presidency in 1972 depends on his build-up in the meantime.

The Democratic senator successfully wielded his political influence inside the city of New York and Throughout David Lawrence the Empire State, even though just a few years ago he was a resident of Massachusetts. He knows a good deal about machine politics and bosses and will have a lot to say behind the scenes as to who is nominated for governor at the next Democratic state convention to run against Gov. Rockefeller, Republican.

The senator isn't confining himself, however, to New York State. He has entered the national arena. Nationwide publicity has just been bestowed on the senator as the Gallup Poll gave him this summer a higher percentage in popularity than President Johnson got among Democrats and independents.

THIS DOUBTLESS IS due to the fact that the senator hasn't had the responsibility of making the painful decisions on Viet Nam, inflation, labor-management relations, civil rights and the other topics that have caused considerable controversy among the voters.

There's another possible reason — the aura that has enveloped the Kennedy name. This is an asset of undetermined amount but it could affect a public-opinion poll at this time.

This doesn't mean that Mr. Kennedy necessarily is planning to make a contest against Mr. Johnson in 1968. Rather, it's likely that the senator's campaign managers will pit him then against Hubert Humphrey for the vice-presidential nomination.

If Mr. Johnson's political fortunes are on the downward side in the summer of 1968, a strong movement could develop in favor of abandoning Mr. Humphrey for Sen. Kennedy. This would be bitter medicine for Mr. Johnson. Already speculative voices are saying that, as a practical matter, it might not prove to be a bad idea.

THUS, SEN. KENNEDY, it will be argued, might bring to the Johnson ticket some of the same strength his brother had. It has not been forgotten in the inner circles of national politics that "Bobby" Kennedy as far back as the 1965 National Democratic Convention in Chicago made out a case for his brother as a vice-presidential choice by circulating a comprehensive memorandum about the Catholic vote. He showed that much of it would shift from the Republican to the Democratic side and, indeed, Gallup Polls revealed that in the 1960 election 78 per cent of the Catholic voters in America supported John F. Kennedy, who won by a narrow margin against Vice President Nixon.

It isn't altogether certain, of course, that President Johnson will actually be in such a desperate condition politically that he will have to snub the man he really wants — Vice President Humphrey — and accept Sen. Kennedy in order to win in the 1968 election.

Oddly enough, it was a reluctant John F. Kennedy who in 1960 vetoed the objections of his brother "Bobby" and chose Lyndon Johnson for the vice-presidential nomination primarily to get the backing of the South, where it was feared that anti-Catholic sentiment might otherwise be asserted in a substantial way.

"BOBBY" KENNEDY has everything to gain and nothing to lose by campaigning this summer and autumn, as he is doing in many states, to try to help 100 candidates for various offices. By going around the country and identifying himself with the local organizations, the New York senator increases his influence as a national figure inside the Democratic party. He managed his brother's campaign for the presidency in 1960.

Does all this mean that the Democrats may become so divided in 1968 or even in 1972 that the Republicans, besides benefitting by discontent over national issues, will also reap political profits from the factional fights that may emerge as a result of the aggressive quest of the presidency by another Kennedy?

Husbands Have Become Legal 'Nonpersons'

Wives Of Missing GIs Entangled In Red Tape

The wives of some U. S. fighting men missing or captured in Viet Nam must tangle with red tape and what seems to them bureaucratic indifference. Here's a report on what can happen when a service wife suddenly finds herself in a legal limbo.

By JOHN T. WHEELER
NEW YORK (AP) — Wives of U.S. fighting men missing or captured in Viet Nam say they sometimes must shoulder bewildering burdens because their husbands have become legal "nonpersons."

Some of them contend they have been forced to tackle walls of red tape and bureaucratic indifference in carrying the load.

When a man is declared missing or captured, his status falls into a gray legal area, somewhere between alive and dead. He can not act for himself, and his wife or dependents can't act for him, except in special circumstances.

Major complaints reported by next of kin include:

— Problems in making ends

meet because money the serviceman had been sending home stops and the pay he was getting is frozen. It can take weeks or months to unfreeze part of it.

— A federal income tax bureau refused to process a joint return unless the wife somehow got the signature of her husband, who had been shot down over North Viet Nam.

— The woman was forced to sell the family car because she couldn't get new license plates without her husband's signature.

Wives and children who are entitled to free medical treatment can't get it sometimes in emergencies because they are not allowed to live on military bases.

— Attorney fees to solve legal problems directly related to a missing man's or POW's status must be borne by the families.

— Only bare-boned, sometimes confusing reports are issued by the Defense Department concerning the fate of lost men. Many doubts are cleared up only after families ask congressmen for help.

A Pentagon spokesman said such problems are "normal things that must be put up with when a man is missing or captured. Anyone with someone missing in action or captured will hit snags."

He said the Pentagon does its best to give families the full details of casualties. Complaints, he said, must be the exception.

Each service maintains a casualty assistance office to help dependents in whatever way possible after their men become casualties, the spokesman said.

He added later, "But don't write anything that will bring a flood of letters or calls. It's not so much that they (the offices) couldn't handle it, but there is no requirement for it. It would create unnecessary problems."

Instances of problems faced by families have cropped up in reports from a recently formed civilian group seeking to protect POW's legal rights, and in interviews of some wives by The Associated Press.

Names of the missing men and their families are omitted to prevent the Communists from confronting captured men with reports of difficulties encountered by their dependents. The Defense Department declines to

make public information about the men for the same reason.

One woman who tried to get quick cash from the Air Force after her husband was shot down reported, "One officer at the base told me to go on relief because he couldn't give me the money."

"It was only a couple of weeks before Christmas and I said, 'You've got to be kidding me.' But he wasn't."

She had been getting a regular postal money order from her husband in addition to a monthly allotment of \$200, a deduction from his pay arranged by the serviceman.

Told she could not draw against her husband's pay, which was accumulating in a special account, the woman threatened to go to the newspapers. She also wrote President Johnson. She says she got the money and a letter of apology from the Air Force.

The troubles of some service wives came to light during the past two months after Patrick McGahn, an Atlantic City, N.J., lawyer, formed the Society for the Defense of American Prisoners.

McGahn's original interest was in trying to get American lawyers into North Viet Nam to defend American fliers, then criminals.

He says that more than 100 wives and parents of missing men called or wrote him, many complaining of their treatment by the government. Some enclosed copies of their correspondence with the military and congressmen.

With some 400 Americans missing in the Viet Nam war, McGahn suggests the services could pool resources to provide highly trained personnel that could regularly visit dependents, explain their rights, help with filling out forms, offer legal advice and aid them in dealing with government agencies.

If a GI is killed, then such things as real estate and other property pass to dependents together with special payments from the government and money from insurance policies.

To ease the threat of red tape, the services encourage Viet Nam-bound men to give their wives general powers of attorney — permitting them to act for the husband legally no matter what comes up. But some wives report this doesn't always solve the problem.

A Pentagon source said men who try to make out valid powers of attorney from Viet Nam cannot do so in 23 states which insist that the documents be witnessed by a notary public of that state or have other restrictions.

Many men are sent to Viet Nam with only a few days notice and don't get around to clearing up all their personal affairs.

Some men balk at filling out powers of attorney or assigning nearly all their pay to their wives for a variety of reasons.

One is that an unscrupulous woman could put everything in her name and then sue for divorce.

Some men have said their wives just don't have the needed business sense. Many decline to act for the same reason other men refuse to make wills. They don't want to admit even indirectly that they may not be coming back.

sister, Diane, 15, and brother, Jimmy, 13, each led a steer to sale.

Mr. and Mrs. John E. Ward had their day, too. Their son Jerry also exhibited 18 registered Landrace hogs at the fair and won ribbons for the grand champion sow and grand champion male.

Daughter Nancy, 14, a freshman at East Palestine High School, received a halter prize for second place in beef showmanship. Jerry was graduated from East Palestine High School in June and will enter Kent State University this fall with a law career in mind.

AMOS interrupted the sale to present the following trophies: Sondra Thompson, 16, a junior at Beaver Local High School, received the beef showmanship trophy from a Salon Supply. A daughter of Mr. and Mrs. Donald Thompson of Calcutta, she is no relation to Dave. Sunrise Supply presented the halter to Nancy Ward, showmanship runnerup.

Sharon Mollenkopf, whose steer gained 2.15 pounds per day during the project, received the rate of gain trophy from the Farmers National Bank of Salem.

Her brother, Tom, received a trophy presented by Auctioneer Bill Cope for the best county 4-H steer club project. Mr. and Mrs. Paul Mollenkopf of East Palestine, R. D. 1 are the parents of the trophy winners.

The 91 steers brought \$23,775.04, an average of 28.84 cents per pound. This compares with \$21,894.66 and a 30-cent average for 82 steers last year.

While the sale was going on, a full grandstand across the grounds watched the Good and Country Show featuring Jimmy Martin and his Sunny Mountain Boys.

Fair directors said approximately 10,000 attended the 121st annual exposition yesterday.

The feature attraction at 8 tonight will be the International Varieties, with Kenny Milton master of ceremonies. The Sensational Leighs perform each afternoon and evening on "the loop swing of death."

The Leetonia High School Band is playing today and the Lisbon Band will perform Saturday under the direction of Jodine Pilmer, former band member now attending Westminster College.

Harness racing is scheduled this afternoon and Saturday afternoon, with mule races to follow the trotters and pacers. The attraction Saturday night will be the Rotoff all-girl auto thrill show, which drew a large crowd here last year.

The fair will conclude Sunday with a concert of high school bands in the afternoon and a horse show at night.

TRACTOR-PULLING contests were held yesterday, with five winners emerging from each class:

Class A, tractors weighing up to 4,500 pounds (10 entries) — Butch Kosko, Summitville, Massey Ferguson tractor, pulled 6,500 pounds full distance of 20 feet; Theodore Schmied, Salem, Cockshut; Ray Humphrey, Salem, John Deere; Dean Farmer, Salem, Farmall; Bill Kinser, Alliance, Minneapolis - Moline.

Class B, 4,501 to 6,000 (13 entries) — Richard Sanor, Homeworth, Farmall 300, 8,000 pounds 18 feet 8 inches; Dean Farmer; Tom Cope, Salem, John Deere; Leo Davis, East Rochester, Ford; Wilmer Lower, Salem, Allis Chalmers.

Class C, 6,001 to 7,500 (17 entries) — Bud Borton, Alliance, Oliver 770, 10,800 pounds 7 feet; Jim Pidgeon, Salem, Farmall 450; Jay Denny, Salem, Farmall 450; Larry Fryfogle, Beloit, Farmall 460; Eugene Chevront,

New Cumberland, W. Va., Ford Diesel.

Class D, 7,501 to 9,000 (12 entries) — Jim Mercer, North Georgetown, John Deere 3010, 11,500 pounds 5 feet 1 inch; Lester Sanor, Homeworth, Farmall 400; Denny, Farmall 450; Pidgeon, Farmall 450; Fryfogle, Farmall 460.

County Home residents were guests Thursday afternoon and evening and had a picnic supper in the race track infield.

A white cake entered by Mrs. Myron McCamon of Lisbon R. D. 3 won best of show in the baked goods department. Miss Judy Davis, Leetonia, was runner-up.

Ed Wilhelm of Salem R. D. 3 and his wife Ruth finished one-two for the best apple pie entries. Mrs. Carol Kerr of Columbiana R. D. 2 was third. They will share \$15 in prize money donated by three orchards — Sanor's, Hilltop at Washingtonville and Neishleb's. Mrs. John Coleman, 82, of East Liverpool and Paul Serafy, 87, of Wellsville were winners Wednesday and Thursday in prize drawings at the Senior Citizens tent.

Essay Event Set By Midland Lions

Plans for sponsoring a peace essay contest for Midland area students were completed by the board of directors of the Midland Lions Club at a meeting Thursday night at Deramo's Azure Room.

The contest is being held as part of the 50th anniversary celebration of Lions Club International. The entries must be 5,000 words, and contestants can submit only one essay. Students must be at least 14 and under 22, according to John Adams, president. Deadline for entries will be Dec. 10.

The planned broom sale will be held Sept. 27-29. Plans were also discussed for a Ladies Night dinner Sept. 1.

Adams plans to attend a Beaver County Lions Council meeting at New Brighton tonight.

The club will meet Thursday night at 6:30 at Deramo's.

About that time, Lt. Charles E. (Bill) Tice arrived on the scene. The two officers handcuffed Egnor, placed him in the cruiser and removed him to the hospital.

In the emergency room he was "very belligerent and hard to cope with," the officer reported. Recalling the bridge leap earlier this month and a struggle with the man which followed, Lt. Tice ordered him returned to the Youngstown hospital.

Egnor was conveyed to the hospital in an ambulance, accompanied by a patrolman Frontz and William A. Devon.

Ohio Power Co. lines were downed when the utility pole was sheared off. 20 Tax Charges Due Sept. 13 In Municipal Court

Tax Commissioner D. G. Wilkinson filed affidavits Thursday afternoon in Municipal Court accusing 20 individuals of violating the city income tax ordinance by failure to file returns.

Judge Samuel M. Chertoff said all the hearings will be scheduled for Tuesday, Sept. 13, at 9 a.m.

Nineteen of the defendants are accused of failure to file estimates of 1966 earnings and failure to furnish final returns on 1965 income. One is charged with not filing an estimate on 1966 income. All the reports were due by last April 15, according to the affidavits.

It's the latest in a series of charges filed by Wilkinson against a total of approximately 400 persons who allegedly failed to file returns. He has made it a practice to file the

charges about twice a month in "installments" of 20.

The court will announce the names of the defendants after each has been served with a summons advising of the charge and the appearance date.

Shapp's \$8,000 To Beaver Cited In Audit Report

HARRISBURG (AP) — Dauphin County Court Thursday audited the primary campaign expense account of the Beaver County Shapp for Governor Committee with prime interest centered on an \$8,000 contribution from the successful Democratic gubernatorial candidate. John Vukmarovich of Aliquippa, committee treasurer, testified that he reported only \$7,500 in contributions from Milton Shapp when his original account was forwarded to the Shapp headquarters in Philadelphia.

Vukmarovich said he recorded only the \$7,500 because this was all of the money which he had received, despite the fact that Shapp had sent an \$8,000 check to former state Sen. Samuel Neff for the campaign.

However, the witness continued, he subsequently was notified by a Shapp accountant in Philadelphia that the report should have listed \$8,300 in contributions — the \$8,000 given to Neff and an additional \$300 sent to Charles Marsico.

Vukmarovich told the court he authorized the accountant to make the necessary adjustments if that was the way the audit was to be reported, adding that he was told Neff was going to return the unspent \$500 to Shapp. Neff testified that he had received an \$8,000 check from Shapp on May 10 and deposited the funds in his personal bank account.

He said that on May 11 he turned over \$7,000 to the committee and provided an additional \$500 on May 17, primary election day.

Crash At Lisbon Damages 2 Cars

LISBON — Gary Toot, 16, of Lisbon R. D. 2, reached for his lunch when it slid off the seat this morning as he drove to football practice and sideswiped a parked car.

Police Capt. John Varner said there was substantial damage to the left side of a parked 1964 sedan owned by Dale Kodrich of 111 E. Pine St. and to the right front end of Toot's 1959 sedan.

The accident occurred at 8:30 a.m. in front of the Kodrich residence.

Police received a fragmentary report Thursday of an accident at noon on E. Lincoln Way in front of Henry's Funeral Home.

Herman Kinsey of Rogers R. D. 1 reported that a car driven by Raymond E. Rudolph of Boring Lane, East Liverpool, ran into the rear of his 1961 sedan.

Kinsey later notified authorities his wife, who was in the car, complained of a neck injury.

District USW Votes To Help Milton Shapp

BEAVER — An endorsement for Milton Shapp, Democratic candidate for Pennsylvania governor, and Leonard Staisy, lieutenant governor nominee, was given by the District 20, United Steelworkers of America, Thursday night.

Political action representatives of the some 31,000 steelworkers in the Beaver County unions met at the Courthouse and pledged financial aid and support for the two candidates.

Action on fund-raising and voter registration was urged at the session at which H. Charles Ford of Harrisburg, executive secretary-treasurer of the USW state legislative committee, spoke.

He said there is a need for more highway projects in western Pennsylvania, greater aid for education and investigation of milk prices and car insurance rates.

The representatives also heard State Sen. Ernest Kline, State Assemblyman Ronald Lench and Beaver County Commissioner James Ross.

Endorsements were given by Kline and Rep. Frank Clark, along with Lench, Samuel Gelfo, Charles P. Stone and Robert Hamilton for the Assembly.

Bus Schedule Same

Stanton Schools To Open Monday

Classes will begin Monday for the 1966-67 term in all schools of the Stanton Local School District, with a full day's session. All buses will be on the same schedule as last year. C. P. Henderson, superintendent, has announced.

Kindergarten classes will be held at the Irondale Elementary school in the morning and the Edison Elementary school in the afternoon. Kindergarten students must be five years of age on or before Sept. 15. First-grade pupils must be six years of age on or before Nov. 1.

All first-grade students in the Irondale - Hammondville area will attend the Irondale school. Other grades will continue in the same school as in former years, unless re-assigned, Henderson said.

Cafeterias in all schools will be open the first day with the price of lunches for students 30 cents and for adults 35 cents.

All first-grade students must present a birth certificate and all students entering the Stanton schools for the first time must present a certificate indicating that they have been immunized against diphtheria, tet-

anus, smallpox, whooping cough and polio.

The following teaching positions are open: High school science, Industrial Arts, librarian and commercial and math combination.

Baus Named Police Chief At Columbus

COLUMBUS, Ohio (AP)—Robert H. Baus will observe his 25th anniversary as a member of Columbus' police department by taking command as chief of police.

Safety Director Fred J. Simon appointed Baus, 54, as soon as Capt. Dwight Joseph, who finished first in the civil service examination for the post, waived his eligibility Thursday.

Baus, who lives in nearby New Albany, becomes chief Sept. 2 upon retirement of Provisional Chief Martin Winters, who is retiring. Winters succeeded George Scholer, who retired in June.

Baus, currently a deputy chief finished fourth in the eligibility test behind Capt. Earl Burden and Deputy Chief Lloyd Forbus. Joseph is expected to succeed to Baus' deputy chief ranking.

Annual Picnic Held By Club

The Quota Club held its annual picnic Tuesday at the home of Mrs. Marie Hays of Smithfield St., with 37 present.

Miss Lillian Schroeder and Mrs. Bess Hansell, both members of the Quota Club of Salem, were guests.

A gift was presented Miss Ethelyn Exley, who is resigning from the club to go to Muncie, Ind., where she will set up a school of nursing at Ball State University. The Board of Directors nominated Mrs. Jean Stoddard to replace Miss Exley as recording secretary.

Miss Selma Ladzinske, chairman of the ways and means committee, announced that the project to raise money for the Speech and Hearing Clinic this year will be "A Night At The Races" Oct. 5, featuring a Quota Club clinic race. A trophy will be presented to the winner by the two children from the clinic.

The program for the 6th District conference Sept. 23-25 at Akron was discussed, with members encouraged to attend.

Registration Set Here For Bus Passes

Registration for bus passes for East Liverpool students has been announced by Supt. Paul H. Blair.

Supt. Blair said all youngsters who ride buses must register to receive a pass for the first day of school.

Hours of registration will be from 9 a. m. to noon and 1 to 3 p. m.

The schedule for registration will be Tuesday at Garfield, Lincoln, Taft and St. Aloysius Schools and Wednesday at Glenmoor, Horace Mann and Neville Schools.

Man Escapes Injury In Forced Landing

XENIA, Ohio (AP)—Andrew Gross, 51, Dayton, escaped injury Thursday when he made a forced landing in a corn field near here.

Gross said he had to bring down his Piper Comanche after the engine stalled. The craft was a total loss.

'Booster Night' Set By Frankfort Grange

A Booster Night program will feature the meeting of the Frankfort Springs Grange Sept. 12 at 8 p. m., with the public invited to attend.

Plans for the event were made during this week's meeting supervised by Mrs. R. P. McMillan, worthy master.

Members were reminded of the Beaver County Pomona Grange session Sept. 10 at Big Knob Grange.

The literary program included: Chaplain's meditation, "Time," medicare, Edith Herstine, "Why Labor Day?" Mary Jane Neeley, "Worry Warts," Gladys Pinder.

Landmark Hotel Wrecked By Fire

IRWIN, Pa. (AP)—A quick spreading fire wrecked a 125-year-old landmark hotel and destroyed a display of antiques Thursday near this Westmoreland County town.

The blaze erupted in the kitchen of the Jacktown Hotel on Route 30. Only the walls of the three-story building were left standing.

The Duquesne Women's Club was holding an antique show in the hotel. Glassware, guns and watches were left behind when the occupants fled.

Richard J. Zaiden, a co-owner of the hotel, said the building

was appraised at \$750,000 and the contents were worth \$200,000. No value was placed on the antiques and there was no indication if any were salvaged.

The cause of the blaze was not determined immediately. Firemen from eight communities fought the fire and about a dozen firemen suffered minor injuries.

Cynthia Mattern Marries In Canfield Ceremonies

Miss Cynthia Mattern and Robert Moser were united in marriage at 7:30 o'clock Saturday evening in the Churchill Christian Church by the Rev. Alonzo Wise of the Canfield Christian Church. The altar was decorated with palms and twin vases of mixed white summer flowers.

Ralph Falconer of Wellsville, organist, presented the nuptial music and also accompanied Richard Mattern, cousin of the bride, soloist.

The bride is the daughter of Mr. and Mrs. Edwin H. Mattern of Lisbon R.D. 5. Her husband's parents are Mr. and Mrs. George Moser of Hanoverton R.D. 1.

MRS. ROBERT MOSER
Honeymoons In Niagara.

GIVEN IN marriage by her father, the bride wore a gown of white lace over taffeta, designed with fitted bodice. The scalloped sabrina neckline and long pointed sleeves were accented by pearls and sequins. The pointed flounce of the bouffant skirt revealed the five tiers of lace, cascading into the chapel train. A flowered crown held her veil of silk illusion and she carried a white Bible marked with a white orchid, lily-of-the-valley, stephanotis and long white satin streamers.

Miss Phyllis Mattern was her sister's maid of honor. Her floor-length gown was of light blue embossed taffeta with matching crown and fingertip veil. She carried a colonial cascade of white carnations edged in blue. Donald Moser, the bridegroom's brother, was best man. Ushers were John Mattern and John Moser, brothers of the bride and bridegroom.

The bride's mother was attired in an eyelet beige dress with matching accessories. The bridegroom's mother wore a beige linen dress with white accessories and each was complemented by corsages of yellow carnations.

A RECEPTION was held at the home of the bride's parents for 200 guests from Pennsylvania, Florida, Cleveland, East

Liverpool, Salem, Ravenna, Galena, Damascus and Lisbon.

Beneath a trellis of carnations, the bride's table, overlaid in white linen, was centered by a three-tier wedding cake, topped with traditional miniature bride and bridegroom.

Those presiding were Mrs. Helen Pike, Mrs. Dorothy Jackson, Mrs. Thelma Mattern, aunts of the bride, Mrs. Roberta Balser and Miss Gloria Baker.

The bride, a 1961 graduate of Beaver Local High School, has been employed as dental assistant to Dr. William Z. Sulkes of East Liverpool.

The bridegroom was graduated from United High School in 1958 and is mill manager of the Columbiana County Farm Bureau at Lisbon.

For a honeymoon trip to Niagara Falls, the bride chose an off white lace two-piece suit, navy blue accessories and the bridal orchid. Upon their return, the newlyweds will reside in a trailer at Hanoverton.

Mr. and Mrs. Moser, the bridegroom's parents, were hosts to a buffet rehearsal party Friday evening at their home.

Former Resident Marries In California Ceremonies

Mr. and Mrs. Robert George Beck will make their home at Riverside, Calif., following a two-week honeymoon in Hawaii.

Mrs. Beck is the former Miss Ruth Ann McCummins, daughter of Mr. and Mrs. Loyal E. McCummins Jr. of Rubidoux, Calif. Her husband is the son of Mr. and Mrs. George S. Beck Jr. of 2233 St. Clair Ave.

They were married in a double-ring ceremony performed in the presence of about 100 guests Aug. 13 at 11 a.m. at St. John the Evangelist Catholic Church in Rubidoux. Fr. Patrick Fox officiated at a Nuptial High Mass, before an altar setting of white arrangements of gladioli, chrysanthemums and stock carnations. The family pews were marked with satin bows.

MRS. ROBERT BECK
Honeymoon in Hawaii.

THE BRIDE, given in marriage by her father, appeared in a gown of peau de soie and lace, fashioned with a long sleeve bodice, elbow-length sleeves and a modified sabrina neckline.

The bell-shaped skirt was adorned with pearl-studded lace appliques, a bow at back waistline and fell into a graceful chapel-length train.

The elbow-length veil of imported silk illusion was held in place by a lace pillbox adorned with seed pearls. Her bridal bouquet was an arrangement of white roses and stephanotis, centered with two white detachable orchids, which the bride wore for her traveling ensemble.

Miss Kathleen McCummins, sister of the bride, was maid of honor. She was attired in a floor-length empire sheath gown of Nile green chiffon, fashioned with a scooped neckline and cap sleeves. Her head-dress matched her gown.

Miss Laura Maxey and Mrs. Norma Hammack were bridesmaids. Their yellow gowns were patterned on the same lines as the gown worn by the maid of honor.

Miss Debbie Wright, cousin of the bride, was flower girl. She wore a floor-length yellow dotted Swiss gown. Dale Wright, cousin of the bride, was ring-bearer.

The bride's mother wore a two-piece pink dress with white accessories, while the bridegroom's mother chose a three-piece crepe aqua suit with matching accessories. Both wore white corsages of roses and stephanotis tied with matching ribbons.

The grandmothers of the bride, Mrs. Loyal E. McCummins and Mrs. Merrell Wright, wore a light blue dress and a turquoise two-piece suit, respectively.

Couple Residing In Weirton Home After Rites Here

Mr. and Mrs. Kenneth Shultz are residing in Weirton following their marriage July 19 in the First Baptist Church.

Mrs. Shultz is the former Connie Armstrong, daughter of Mrs. Frances Shultz of 850 Lisbon St. and Albert Armstrong of Fairview Rd., Chester. The bridegroom is the son of Mr. and Mrs. Clarence Shultz of Weirton.

The Rev. Albert Rodenhause performed the double-ring ceremony.

The bride, given in marriage by her father, wore a floor-length gown of Chantilly lace. Her waist-length veil was held in place by a pearl trim crown. She carried a white Bible, a gift of the bridegroom's mother, topped with an orchid and stephanotis streamers.

Mrs. Joseph DiAngelis, sister

of the bridegroom, was matron of honor and Sandy Cranston was bridesmaid.

Joseph DiAngelis was best man and Mike Armstrong, brother of the bride, and Floyd Cranston were ushers.

Following the ceremony, a reception was held in the bride's home.

Installation of officers was set for Sept. 22 when Midland American Legion Post 533 met Thursday night at the post home on Beaver Ave., with Leon Anderson, commander, in charge.

The invocation was given by M. C. Conwill, chaplain.

The annual picnic will be held Labor Day at the Midland Lions Club Pavilion, starting in the morning. Edmund Pack, vice commander, will be in charge. Arber Lee Parham, sergeant-at-arms, was named chairman of a Veterans Day parade to be held Nov. 11 with Post 481.

Comdr. Anderson, Adjt. Willie Jones and Service Officer Starling Johnson were presented membership cards for 1967.

The next meeting will be Sept. 28.

Jelly-makers should remember to pour jelly into hot sterilized glasses to within 1/2-inch from the top. The added layer of melted paraffin should be 1/4-inch thick. When the jelly is cold, another layer of paraffin may be added to insure a perfect seal.

Medical Mirror

Better Health Through Knowledge

CONGENITAL DISLOCATION OF THE HIP

Q. A friend's baby was born with dislocation of the hip. The child is now 12 months old and in leg splints. What are the chances for complete success in such cases?

A. The chances are excellent. The objective in treatment of this condition is to mold a good socket through continuous, normal pressure on the head of the leg bone. The sooner treatment is started, the better the results.

DANGER OF HYPNOSIS

Q. Is there any danger in hypnosis? I have heard that some dentists hypnotize patients before filling their teeth.

A. Most instances of harm from hypnosis have been brought about from its use by amateurs for entertainment. Hypnosis depends on cooperation between the hypnotist and the subject. If there is lack of understanding between them, there is lack of result. There is little danger in hypnosis employed by professional persons (physicians, dentists, etc.) who have been properly trained in hypnotherapy.

Couple Boasts 99 Grandchildren

WHITE BEAR LAKE, Minn. (AP)—Like any grandfather, Charles Halonen likes to see his grandchildren. But not all at once.

Halonon and his wife, Anna, have 99 living grandchildren between them, and expect to have four more before he turns 65 next March 11.

"You certainly like to see the grandchildren come and visit you," he says, "but after a few days you like to see them go home, too."

The native of Finland has seven sons and seven daughters. He counts 87 grandchildren—aged 2½ weeks to 19 years—descended from his first wife, who died in 1950. Two others died in infancy. Halonen's second wife, Anna, whom he married in 1954, has 12 grandchildren.

One of Halonen's daughters has a dozen children, another 11 and two more have 10 apiece.

"We left it entirely up to the will of God," says Halonen, a member of the Finnish Apostolic Lutheran Church. "We never

planned anything. We took what God gave us."

Birth control, he believes, is a sinful practice in a world that is "getting more sinful every day."

Nor do the Halonens believe in the usual gift-giving by grandparents on Christmas and birthdays.

"In this age of prosperity," he says, "children get so many gifts they don't appreciate or give any value to things. It wrecks them."

Halonon has lived in this St. Paul suburb for years, and most of his offspring reside in the Minneapolis-St. Paul area, although two children live at Kokato, Minn., one at Detroit, Mich., and one at San Diego, Calif.

Nevertheless, it's been eight years since the family had a reunion. More than 70 members of the clan attended that event.

Asked to name his offspring, Halonen quipped with a nod to his wife: "I have to turn these details over to my secretary there."

Many Major Issues Remain

Congress' Work Slowed By Political Campaigning

By CARL P. LEUBSDORF
WASHINGTON (AP)—Political campaigning is beginning to interfere with congressional business as the House and Senate wend their respective ways toward an adjournment still weeks off.

Despite Senate Republican Leader Everett M. Dirksen's contention that many members don't want to go home and discuss controversial issues with the voters, increasing numbers are going home—to campaign.

Many major issues remain before the two houses, however, and few congressional leaders anticipate adjournment much before mid-October.

For months many congressmen—especially the large batch of House freshmen—have been going home to campaign every weekend. Now they are beginning to extend their stays into the middle of the week as they step up the pace for remaining primaries and the Nov. 8 general election.

One quorum call Tuesday disclosed 76 House members not answering when their names were called. Some 52 members missed a key roll call on a possible Reserve callup Thursday.

And a mass exodus today was the major reason House leaders put off until next week the remainder of the debate on the administration's proposal to create a Cabinet-level department of transportation.

The House is meeting today, but only to consider conference reports on an urban mass transit bill and a measure to pump more money into the home mortgage market.

The transportation department bill, which was crowded off Thursday's program by a long debate over calling up some Reserves and other aspects of the defense money bill, normally would be resumed today. The civil rights bill was debated on Fridays during the three weeks it was before the House.

But key congressmen including Rep. Chet Holifield, D-Calif., the bill's floor manager, and House Democratic Leader Carl B. Albert of Oklahoma, planned to accompany President Johnson today on a "nonpolitical" trip to Oklahoma, Colorado and Idaho.

The transportation bill—which still is languishing in the Senate Government Operations Committee—is one of the last six key administration proposals to come before the House.

Others include elementary and secondary education, anti-poverty, water pollution, demonstration cities and packaging and labeling. All but the last have been approved by a committee.

But five appropriations measures remain unapproved by the House for the year which started July 1.

The Senate has even more catching up to do. It has approved the water pollution, demonstration cities and packaging bills. But it still must consider five appropriations bills plus a number of House-passed measures—higher education, food for freedom and civil rights—as well as the minimum wage increase now being debated.

Youth, 17, Hurt Fixing Tire, 11 More Treated At Hospital

A 17-year-old Wellsville youth who suffered a thumb injury while repairing a tire was in "good" condition today at City Hospital, where 11 other area residents were treated after separate mishaps Friday.

Gerald Wilson, son of Mr. and Mrs. Herb Wilson of 935 Township Line Rd., Wellsville, suffered a laceration and other injuries to the thumb while at work at the Speedy Car Wash yesterday afternoon.

James Chipps of 128 E. 2nd St. was treated for an injury to the small finger of the left hand received while fixing a tire.

Gary Clark, son of Leonard Rigney of Irish Ridge Rd., fell from a tree, and suffered a laceration of the cheek against a limb.

John McGonigal, son of Mrs. Dorothy McGonigal of Bridge St., was treated for a finger injury after his hand caught in a conveyor belt in an East End supermarket.

In a 6-foot fall from a ladder to a porch, Leonard Adkins of 451 1st Ave., received cuts of the scalp and abrasions of the elbow.

Kevin Hile, son of Jack Hile of Crestview Dr., suffered a cut on the forehead in a fall.

Karen Waxler, daughter of Kenneth Waxler of Hookstown, received an injury to the hand which became caught in a truck door.

Pamela Ward, daughter of Ralph Ward of 508 4th St., Chester, stepped on a nail, suffering a puncture wound of the foot.

Bradley Hanlon, son of Charles Hanlon of 615 E. 4th St., fell from a bicycle, receiving a cut on the forehead.

In a fall from a swing bar, Debra Bradley, daughter of Jack Bradley of 240 California Ave., Chester, received bruises and a sprain of the wrist.

Struck on the back of the head with a stone, Mark Klavuhn, son of Gus Klavuhn of 1107 Rosedale Ave., Wellsville, suffered a puncture wound of the scalp.

Mrs. Gilbert Miller of Lycia Ave., Chester, received bruises of the left lower leg in a fall onto a cement block.

Stevensville Motorist Cited In 2-Way Crash

Two Stevensville men escaped injury in a collision of their autos Thursday on Jefferson County Rd. 56 a mile west of State Route 7, but one was cited by the Ohio Highway Patrol at Wintersville.

The patrol said the collision involved an auto operated by William A. Bess, 29, of 1490 Parklane Circle, Stevensville and a car driven by James Butler, 63, of 722 Kilgore St., Stevensville.

Butler, parked alongside the roadway, began to pull out as Bess was passing, the patrol said. Butler was cited into County Court at Toronto on a charge of pulling onto a highway without exercising due caution, the patrol said.

7,000-8,500 — Dale Haley, first; Elder Carter of Burgettstown, second, and Fred Conkle of Chester, third.

8,500-10,000 — Dave Kelson of Burgettstown, first; Harold Hamilton of Burgettstown, second, and John Allen of Burgettstown, third.

Chairmen Named By Midland PTA At 1st St. School

Committee chairmen were appointed during the meeting of the executive committee of the Midland 1st St. School Parent-Teacher Association Thursday afternoon with Mrs. Aaron Golding of 337 Beaver Ave., president.

Named were Mrs. Victor Gutierrez, hospitality; Mrs. Linda Hulme, publicity and holiday treat; Mrs. William Cornwell, program; Mrs. Eric Harriel, membership; Mrs. Ann Davis, ways and means.

Mrs. Helen Bradford, parliamentarian; Mrs. Joseph Barney, magazines and library; Mrs. Joseph Coratto, budget and finance, and Mrs. Irene Steinacker, music and safety.

A budget of \$417 was approved for expenses, including magazines, covers for programs, hospital, baby-sitters for meetings, holiday treats, patrol boy gifts, Founders Day gifts, Beaver County pins and president's pin, corsages, emergencies and field trips.

Mrs. Golding and Mrs. Coratto, treasurer, will attend a PTA workshop Saturday at Koppel High School.

Hometown mothers will be named at the initial fall meeting Sept. 15 at 3 p. m. at the school. Supt. Wilbur Dersheimer and Elementary Principal Robert Blinn will speak. Homeroom visitation will follow.

An executive board meeting will be held at 2:30 p. m., Mrs. Golding said.

Pritchard Ave. Bridge Goes In Use At Lisbon

LISBON — The new Pritchard Ave. Bridge opened for traffic Thursday afternoon.

Sutton & Stewart, Bridgeport contracting firm, began work July 5 on the \$20,657 replacement of a rickety iron span over Mill Site Creek. The county paid for the project.

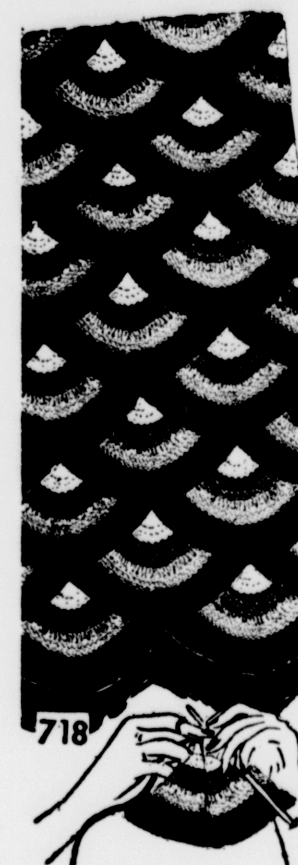

Some concrete remains to be poured but the job is nearly complete. The steel beam bridge has a 7-inch reinforced concrete deck. It is 47 feet long and 29½ feet wide including, on the south side, a three-foot sidewalk with railings.

Guard Leader Warns About Cicero March

CHICAGO (AP)—The commander of the Illinois National Guard says that Guardsmen will shoot to kill if they are fired upon during Sunday's planned march of 3,000 open-housing demonstrators in suburban Cicero.

Dr. Martin Luther King Jr. and other civil rights leaders meet today with city and clerical leaders in an attempt to resolve conflict over alleged racial discrimination in housing before the Cicero march.

A civil rights march Thursday night drew little attention. Three weeks ago in the same neighborhood, a similar demonstration brought out white hecklers who stoned and screamed at the marchers.

The marchers, escorted by 150 police, made three stops Thursday night at real estate agencies in Chicago's Cragin section where they held brief prayer and song vigils. There was no trouble.

The fourth twilight march of the week is scheduled today in Gage Park, a Southwest Side neighborhood where demonstrations have been held twice previously.

Violent white reaction reached a peak three weeks ago in Chicago Lawn, adjacent to Gage Park, when King led a protest parade.

King, who will not lead today's march, was felled by a thrown stone. Several persons were arrested.

Maj. Gen. Francis Kane said Thursday night after a meeting with law officers that about 3,000 Guardsmen will be mobilized to prevent outbreaks during the Sunday demonstration in Cicero, an all-white community of 70,000 persons.

Kane said his men will be fully armed.

He said his men will be ordered, "If fired upon, fire back and shoot to kill."

Gov. Otto Kerner will announce today the exact number of troops and the unit designations of those who will be mobilized.

King told a rally of 2,000 persons Thursday night that he was hopeful the conference today, convened by the Chicago Conference on Religion and Race, will take steps to make Chicago an open city.

Hearing Set For Trio In Beaver County Jail

BEAVER — A hearing will be held Tuesday for a Detroit man and woman and a New York man held in the Beaver County Jail on a variety of charges, including possession of drug devices.

West Mayfield Justice of the Peace Milton R. Richel Thursday set \$40,000 bond each for Karl Ellison, 30, of New York, Samuel Walker, 36, and Mrs. Gail Reynolds, 27, of Detroit.

They have been charged with violation of the Cosmetics Act and Firearms Act. Pennsylvania State Police cited them after a traffic mishap on the Turnpike Aug. 20.

OEA Delays Its Session With Reams

COLUMBUS, Ohio (AP)—The Ohio Education Association called off its scheduled session with Democratic gubernatorial nominee Frazier Reams Jr. today—a briefing session that had been scheduled in advance of the Democratic state convention tonight.

The OEA sent telegrams to the news media saying only:

"At the request of the executive committee of the Ohio Education Association, Democratic gubernatorial candidate Frazier Reams has agreed to delay his scheduled appearance before that group."

Reams was scheduled to appear at 10 a. m. An exceptionally heavy agenda prevents the committee from extending to Mr. Reams sufficient time for him to make his presentation.

"Announcement of Reams' appearance will be made when it is rescheduled."

Originally Reams had been invited by the school lobby's executive committee to outline his program.

Republican incumbent Gov. James A. Rhodes, often at odds with the association, said he was unable to appear before the committee because of prior commitments.

Education is a major plank in the platform hammered out Thursday for the Democratic State Convention opening tonight.

The convention runs through Saturday, climaxed by adoption of the platform on which Democratic nominees will stand for election Nov. 8.

Platform Chairman Richard E. Guggenheim of Cincinnati said a new plank on law and order would call for strengthening law enforcement agencies and for adequate pay for peace officers and firemen at all government levels.

A plank on highway safety will be substantial because of Ohio's mounting traffic toll and the education plank will expose the "short-sightedness" of the present Republican administration, he asserted.

Conservation plank drafters urged marshaling a dozen agencies dealing with pollution under one roof with stronger enforcement powers and a limit to repeated extension of deadlines for installation of waste treatment facilities by governments and industry.

"The civil service rights plank takes cognizance of the need for genuine economic opportunity," said Guggenheim, former head of the Ohio Civil Rights Commission.

The planks are positive and the platform is about half the size of the one adopted by the party two years ago, he noted.

Democratic State Chairman Morton Neipp, Reams' Toledo law partner, will open the convention with Albert S. Porter of Cleveland, Cuyahoga County chairman and Ohio National Committeeman, slated to be permanent convention chairman. Neipp said the public is invited to convention sessions and he predicted that about 2,000 Ohio Democrats would attend.

He will share the platform with party officials, Virgil Musser of Massillon, national president of the Young Democratic Clubs of America, and Ron Logan of Dayton, president of the Ohio League of Young Democrats.

U.S. Sen. Birch E. Bayh Jr. of Indiana, pronounced bye, is the keynote speaker for the Saturday morning session. The platform-adopting session is down for the afternoon, preceding a party rally at Jet Stadium Saturday night.

149 At Meeting Of Senior Group

There were 149 at the weekly meeting of the East Liverpool Senior Citizens Group Thursday afternoon at the parish hall of St. Stephen's Episcopal Church, with William Osborne, vice president, in charge.

The September kitchen committee was announced. It includes Mrs. Ann Stepanovich, Mrs. Mary Fletcher, Mrs. Patty Adams, Mrs. Pearl Brown, Mrs. Oca Armstrong and Mrs. Eva Wilson.

A bowling session will be held Tuesday at 1 p. m. at the Friendly Lanes.

A duet was sung by the Osbornes, "When Mother Played the Organ and Daddy Sang a Hymn." Mrs. Nell Peley was accompanist. The chorus sang "Alice Blue Gown." The corsage was received by Mrs. Mary Fletcher.

The group sang "Happy Anniversary" for Mr. and Mrs. James Woessner, who are celebrating their 63rd wedding anniversary today. Mrs. Mary Diamond of Bay City, Mich. was a guest.

Games were played and refreshments served.

Banquet Set Saturday For Legion Team

A baseball personality in the scouting field will be the guest speaker Saturday at 6:30 p. m. at the banquet to be held at the Midland Legion Club in honor of the championship baseball team of Post 481.

The list of guests will include team members, Mayor Eli G. Corak, Joseph D'Alesio, president of Steelworkers Local 1212, George Mrvosh, district athletic director of the American Legion, Robert Dick, Post 481 athletic director, Andy Gabor, team manager, Jim Hart, assistant manager, Lorenzo McCauley, coach, outgoing commander Woodrow Pluf and commander-elect Lester Barr.

Art "Tubby" Petrosky will be master of ceremonies.

Team captains are Danny Tepovich and Ray Hendershot. At the banquet, a special trophy from the Department of the American Legion will be presented to the team in recognition of their Beaver County baseball championship.

Youth, 18, Fined \$25 In Improper Auto Tag Charge

An 18-year-old Steubenville driver was fined \$25 and costs today in Municipal Court on an improper auto registration charge and ordered to pay the costs in a second case, while a third charge was dismissed by Judge Samuel M. Chertoff.

Kosta John Giannaras was cited at 1:42 this morning at E. 5th and Washington Sts. by Patrolman James W. Buckley on charges of driving the wrong way on a one-way street, improper registration and failure to affix his signature on his driver's license.

Pleading guilty to the registration charge this morning, Giannaras told the judge he bought a 1962 model car about two months ago, but did not officially transfer the tags from the car he formerly owned—a 1957 model.

Officer Buckley said he cited Giannaras originally on a charge of driving east on the section of E. 5th St. reserved for westbound traffic. The defendant said he failed to see a sign warning of the regulation.

He was assessed \$7.50 costs on the wrong-way charge. The charge of failing to sign the license was dismissed after Giannaras affixed his signature in the judge's presence.

Palestine Unable To Fill Art Post For School Term

EAST PALESTINE — Failure to obtain an art teacher has forced cancellation of art instruction in East Palestine schools, officials announced today.

Lack of available art instructors left officials unable to fill the post, the only vacancy in the faculty.

Some 2,195 students are expected to begin the fall term Sept. 6, an increase of about 35 over last year. The senior high school will have 689 students, up 12 from 1965.

Teachers will meet Sept. 2 for orientation.

Deaths Funerals

Barbara Ellen Brown

Services for Barbara Ellen Brown, infant daughter of Mary Ellen Smith Brown and Bobby Brown of Detroit, who died Thursday, will be held Saturday at 1 p. m. at the Chester Arner Funeral Chapel.

The Rev. Willis Summers of the Newell Methodist Church will officiate.

Burial will be in St. John's Cemetery, Follansbee.

The child was born in Steubenville. A sister, Diana Lynn Brown, died in 1965.

Friends may call at the chapel this evening and Saturday up to time of the service.

Beaver Eyes Sewage Plan

BEAVER — The Beaver County Planning Commission, at a meeting Thursday, informally discussed the possibility of establishing a county sewage and water plan.

It was pointed out the 1965 legislature passed a sewage facilities act, effective in 1967, designed to provide urbanized areas with protection from health hazards from improper planning and construction of sewage systems.

The commission indicated one plan for the county would be less costly and more beneficial. It was emphasized 80 per cent of the present sewage plants are primary facilities, and the federal government will soon require more stringent rules on sewage.

The effect of sewage disposition on water supplies was also discussed.

'A Lot Of Bull,' Says County As Hereford Strays

LISBON — Columbiana County commissioners took legal action Thursday to recover a registered Hereford bull that wandered onto a neighbor's farm.

They authorized the prosecuting attorney to take steps to get the animal from Frank Murray of Route 172, whose farm adjoins the County Home farm.

Prosecutor J. Warren Bettis prepared a replevin—an action to recover property upon giving security to try the matter in court and abide by the decision.

The papers will be filed in County Southwest Court here and the sheriff directed to get the animal.

Commissioners said the bull got through a line fence. They said Murray confined the bull and notified Robert Boyce, county home superintendent, he is holding it until the county pays damages. The bull got into a field with Murray's Holsteins.

Robert Owen of East Liverpool, designated Tuesday by county Democrats to serve as interim county commissioner for the late Frank C. Wilson until a successor is elected Nov. 8, attended yesterday's meeting as an observer. He will be sworn in when he receives his commission from the secretary of state.

French Chief Stirs Violence In Djibouti

DJIBOUTI, French Somaliland (AP)—French police today hurled tear-gas grenades into a mob shouting for independence as President Charles de Gaulle toured the city.

Pro- and anti-French factions among the African residents of this steaming Red Sea port exchanged volleys of rocks and broken bottles.

Troop reinforcements in steel helmets, and holding their guns at the ready, rushed up in a score of personnel carriers to form a line across one side of the Place Rimbeau, main square of the city.

Djibouti was like a city under siege. The crowd shouted abuse at soldiers and police. Security forces held steady. Neither side advanced or retreated. Hundreds of troops were at action stations throughout the city.

Streets were still littered with rocks and broken glass from violence which broke out shortly after De Gaulle's arrival Thursday night. At least 14 persons, including eight policemen, were injured in the clashes.

A huge mob gathered around the body of a youth laid out on a litter in the main square of the African quarter. He had a head wound and it seemed he had been beaten to death.

Some Somalis said he had been killed by police. Others said he died in a clash between opposing African political parties.

Mobs of Africans with banners demanding immediate independence took over the native quarter of the city and forced a detour in the inspection route that De Gaulle had been scheduled to take.

De Gaulle went around the edge of the African sections and avoided the greatest concentrations of demonstrators.

Charles Polce, health and physical education; Albert Randolph, Spanish; Mrs. Dorothy J. Shovlin, business education; Eugene Snyder, industrial arts-metal shop; Mrs. Mary Stauffer, mathematics and French; and Raymond Stowitzky, guidance director.

Services provided will include remedial reading and developmental reading, speech therapy, club program, medical and dental care and examinations, and home visitations by nurses and attendance personnel.

Extra curricular activities include dramatics - junior and senior plays - concerts, assembly programs, pep rallies, the senior prom and dances after games.

THE ATHLETIC program provides for inter-scholastic football, basketball, baseball, golf and track.

Provisions will be made for the exceptional student. Kuzma said the senior home rooms will be 301, 303, 307 and 309; 11th grade, 201, 204, 209 and 211; 10th grade, G-1, G-2 and G-3; 9th grade, 111, 112 and 206; 8th grade, 106, 108 and 114; and 7th grade, 101 and 102.

Complete home room lists of students will be posted outside the designated rooms when school opens Wednesday.

Junior and senior high school pupils should be in the building by 8:20 a. m. Wednesday and should report to their home

rooms to pick up supplies and schedules.

A brief assembly will be held, seats will be assigned and Supt. Dershimier will speak to the students.

A regular schedule of seven periods will be observed Wednesday. No schedule changes may be made Wednesday or Thursday, Kuzma said. Changes can be made Friday, Saturday or the following Monday.

Class periods at the school are normally 50 minutes in length. Teachers remain in the building 15 minutes after dismissal to be available for conferences with students and parents. A special schedule will be observed when assemblies are held, Kuzma said.

He reported the faculty handbook has been completed and the student handbook will be ready for distribution by Wednesday.

SUBSTITUTE teachers are needed. Those with teacher's certification or a liberal arts degree may contact Mr. Kuzma at the high school, he said. The teaching staff at the 1st St. school includes Mrs. Helen Bradford, second grade; Mrs. Ella Mae Dapollonia, third; Ethel Emerick, first; Mrs. Alberta Gregor, first; Mrs. Rebecca Shinaberry, kindergarten; and Mrs. Irene Steinacker, third.

Senator Recovering From Throat Surgery

LOS ANGELES (AP) — Sen. George Murphy, R-Calif., was reported recovering well today from surgery to remove a tumor-like growth from his vocal cords.

The senator spent about one hour in surgery Thursday at Hollywood Presbyterian Hospital. Spokesmen said it will be several days before it can be determined if the growth was malignant.

Murphy, 64, will remain in the hospital five to seven days, said his son Dennis, and may return to Washington in 10 days.

Murphy was advised to remain silent for 48 hours, his son said, adding, "if that's possible."

Exercises Set Saturday For K. Of C. Unit

The new Knights of Columbus council will be instituted at St. Ann's Church, East End, Saturday at 8:30 p. m., with exemplification of the first degree. District Deputy James McPeak of Wellsview announced today.

The council has been designated as No. 5885 by the Supreme Board of Directors.

The degree will be exemplified by officers of Lisbon Council 4049 of District 61, headed by Ralph Guappone, Grand Knight. Representatives will be present from the Ohio State Council, Knights of Columbus, and the other councils of District 61 — Salineville 2389, East Liverpool 509 and Wellsview 507.

Officers of the new council will be elected and organization plans completed during a meeting next Tuesday at 8 p. m. in the parish hall, McPeak said.

Crucible Donates Science Films To Schools In Area

Schools in the area will receive, starting in September, for the seventh consecutive year monthly Screen News Digest films donated by the Crucible Steel Co. for classroom showing.

The films are available to all schools, public and parochial, in the Midland, East Liverpool and Beaver areas and may be obtained for showing by contacting the East Liverpool School Superintendent or the Beaver County Instructional Materials Center at Monaca.

In the first issue of the new school year, the Screen News Digest reports on four diverse and historic happenings this summer: The space conquests of Surveyor and Gemini 9 and 10; the remarkable archaeological investigations in Bolivia; Gen. De Gaulle's visit to Russia, and an up-to-date report on the war in Viet Nam.

In future issues during the school year, the film series will present full-length, exclusive stories on NATO in crisis, the 25th anniversary of Pearl Harbor, the first Project Apollo flight with a behind-the-scenes look at the sprawling "moonport" at Cape Kennedy, and a special report on the 100th anniversary of the purchase of Alaska.

The Screen News Digest is released in 10 monthly issues during the school year and reports in depth on headline persons, places and events around the world. It is currently being seen by more than four million students in 12,000 junior and senior high schools in the United States and Canada.

Ohio 5-Day Forecast

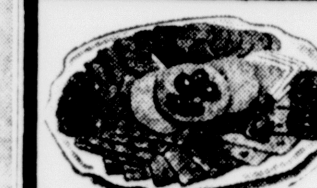

Temperatures Saturday through Wednesday will average three to five degrees above normal. Normal highs and lows: Columbus 83-59, Cleveland 79-56, Cincinnati 84-63. Warmer over weekend then cooler Monday or Tuesday. Scattered showers Monday and Wednesday will average .25 to .5 inch.

OVAC Champs--Oak Glen--Raise Curtain Next Week

Lettermen Number 10 For Starkey

By BOB DUFFY
Review Sports Editor

A week from tomorrow Oak Glen launches its 1966 season and at the same time defense of its OVAC title which the Golden Bears won last season with an outstanding 8-2 campaign.

"We should have a poor season as far as a won-loss record is concerned but if we do I'll be disappointed," head coach Rob Starkey said as he prepared the Golden Bears for their opener Saturday, Sept. 3 at Weirton Madonna.

Success fell on Starkey in his third season at Oak Glen as the Bears picked up all the marbles in the OVAC race. At one time last season Oak Glen put together a six game winning streak which carried the Blue and Gold to the title.

STARKEY quickly evaluated his present squad saying "our strong points are strength, speed, desire and pride." Looking to the weaknesses, Starkey singled out "inexperience and size."

It is quick to see the Bears aren't big since not one 200 pounder is listed on the squad. Ten lettermen returned from last season while three other gridders who earned letters were suspended from the squad before practice got under way for violation of training rules in the off season, Starkey said.

STARKEY has what he calls the "real big little man" in Rich Everly who only weighs 120 pounds but moves with jet like motion. The Oak Glen mentor said "we are counting heavily on him this season, and he will go both ways."

While Everly will run from the slot back spot, another letterman is Dick Lugano, 157 - pound senior. Lugano played mostly halfback last season and defensive end but is shooting for a fullback spot this season. Bob Miller, a 140-pound junior letterman and Alan Six, (160) are waging a battle for the tailback spot. Six played defensive end and saw action at halfback last season.

OTHER backfield prospects include John Kell, 130 - pound senior, who was an outstanding sprint man on the Oak Glen track team while Dan Foltz, 130-pound sophomore and Harold Marshall, 155-pound junior are vying for halfback berths.

Starkey said Gary Long, 155-pound senior has shown up well at the fullback position. The mainspring of a football team is the quarterback spot and Starkey describes this as an untried position. However, the Oak Glen mentor seems enthusiastic about Craig Whittington, a 140-pound sophomore. "He is green right now but promising," Starkey added.

On the forward wall returning veteran ends include John Zielinsky, 143-pound senior who plays left end and defensive halfback and Dan Crago, 157-pound junior who will see a lot of action at offensive end after playing defense last year.

Tom Lamb, a 150-pound senior will return to a guard spot and play linebacker this season. Lamb is considered one of the most improved linemen. Another guard which lettered is Ron Rayburn, a 175-pounder.

JIM STOUFFER, 175-pound senior, will anchor the line at center after lettering as a defensive tackle last season. Starkey has a handful of gridders who are showing a lot of promise and in some cases pushing the veterans for the starting positions.

One is Dan Staley, a 154-pound junior, who is shooting for an end position while juniors Glen Greathouse at 175 and John Ludovici, one of the biggest members of the squad at 190 are battling for the tackle position with senior Randy Weirich, who is listed at about 190.

GRADUATION claimed such backfield standouts as Tom Thayer, Marv Six and Dan Clark. Both Thayer and Six are headed for West Virginia University. Other regulars missing from the championship team of last season are Bob Graham, Dan Forsythe, Ken Spencer, Dave Gamble and John Vulgamore.

Oak Glen, a team which took pride in its defense, defeated some worthy opponents last season including arch rival East Liverpool which the Bears meet in a return match at East Liverpool Sept. 24. Oak Glen lost only to Wellsville and Fairmont West. Other victories came over Follansbee, Weir-

THESE VETERANS WILL SEE a lot of action this season for the Oak Glen Golden Bears as they prepare for the Sept. 3 opener with Weirton Madonna. The ten lettermen include first row, left-to-right—John Zielinsky, Ron Rayburn, Tom Lamb, Rick Bryer, Jim Stouffer and Dan Crago. Second row—Dick Lugano, Alan Six, Bob Miller and Rich Everly.

HEAD COACH Bob Starkey talks over some strategy with his backfield including sophomore quarterback Craig Whittington, (kneeling) and Dick Lugano, Bob Miller and Rich Everly.

N. Jersey, Texas Teams In Finals Of Little League

WILLIAMSPORT, Pa. (AP)—Right handers Mike Robinett of Houston, Tex., and Mario Ruiz of West New York, N.J., were named today to pitch for their hometown teams in the final game of the 20th annual Little League Baseball World Series.

The two teams, victorious in semifinal games played here Thursday, are scheduled to face one another for the championship at 2 p.m. Saturday.

Both pitchers have won one game apiece in the series. Robinett shutout Monterrey, Mex., 6-0, in a first round game on Tuesday. Ruiz led West New York to a first round victory over Kankakee, Ill., 3-0, on Wednesday.

Today is an off day, except for two consolation games between Monterrey and Kankakee, and Windsor, Ontario, and Rhein Main Air Force Base, Germany. West New York won a shot at the championship by defeating a determined team from Osaka, Japan, 4-0.

Cleveland Is Awarded Franchise In Soccer

CLEVELAND (AP) — Cleveland's franchise in the new North American Soccer League was awarded to a four-man syndicate composed of Vernon Stouffer, Gabe Paul, William R. Daley and Edwin T. Jeffert.

Ownership of the franchise was announced in Chicago Thursday.

Stouffer, chairman of the Stouffer Foods Corp., recently purchased control of the Cleveland Indians Baseball Club. Paul is president and general manager of the Indians. Daley, long-time chairman of the Indians, sold his stock in the club to Stouffer two weeks ago. Jeffert, a Cleveland businessman, is a member of the baseball club's board of directors.

OU's Murphy Pitches 6-3 Victory For U.S.

HONOLULU (AP) — Tom Murphy, ace hurler for Ohio University last spring, pitched a four-hitter and fanned 15 as the United States beat the Philippines 6-3 in the World Amateur Baseball Tournament here Thursday.

Murphy had troubles in the second and fourth innings but settled down and allowed only one base runner thereafter. Murphy also scored the final American run when he singled. He was sacrificed to second, and crossed home plate on Eddie Leon's single.

Browns Underdog Against Colts

CLEVELAND (AP)— Cleveland Browns and ex-Browns may dominate the playing field in numbers for tonight's pro football doubleheader here, but the Browns are being billed as underdogs in the fifth annual tilt.

Part of the lack of confidence in the Browns is the retirement of fullback Jim Brown and need for reshaping of the team's backfield. Another big question is the throwing arm of quarterback Frank Ryan.

Ryan has had his sore right elbow treated all week. He reported some improvement Thursday during the final workout before the Browns closed their Hiram, Ohio, training camp.

Coach Blanton Collier said he is counting on Ryan to start against the Baltimore Colts, but believes that Jim Ninowski, No. 2 quarterback, will pilot the club most of the game.

Otto Graham, former Browns quarterback and now coach of the Washington Redskins, takes his battered team to the field tonight against the Minnesota Vikings in the first game at 6:30 p.m. (EDT). The doubleheader is a sellout.

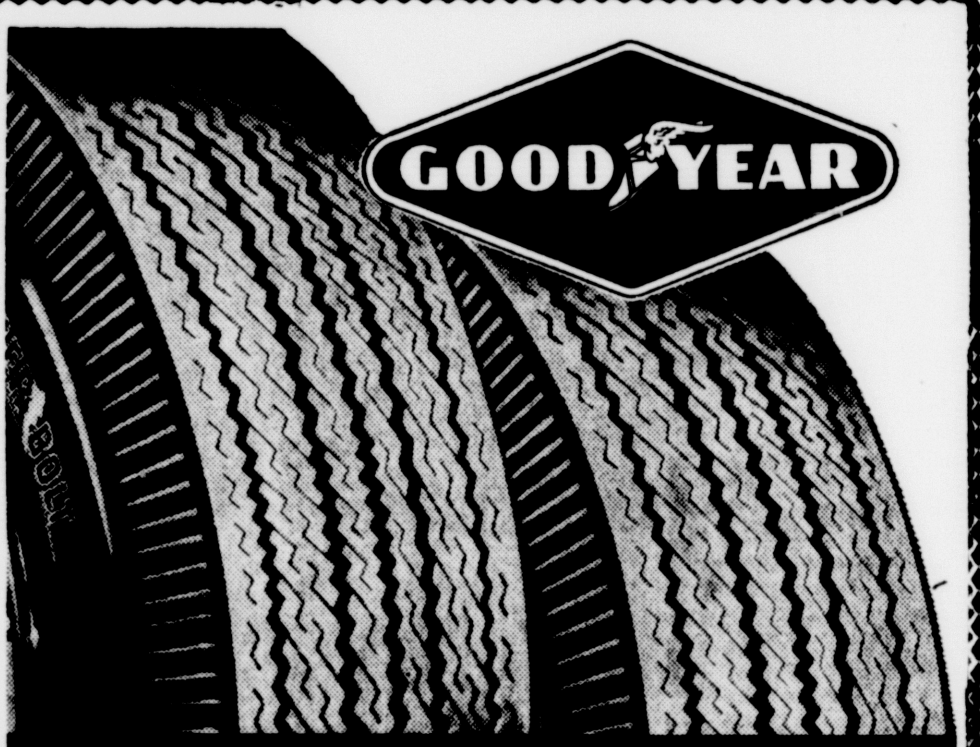

and those willing to pay for standing room may push the crowd to 83,000.

Baltimore, coached by ex-Brown Don Shula, has scored 99 points in winning its three exhibition games this year over Washington, Philadelphia and St. Louis. Shula's aides include John Sandusky and Chuck Noll who played for the Browns in the 1950s.

Helping Coach Norm Van Brocklin mastermind the Vikings will be Lew Carpenter, who was with the Browns in the late '50s. Minnesota is undefeated in its last 14 exhibition games.

Ernie Green and Leroy Kelly have been taking on the bulk of the ball carrying chores since the retirement of Brown, and, according to the Browns' line-men, the line and the new backfield are beginning to "communicate."

In the NFL Saturday, New York plays Philadelphia at Princeton, N.J. In the afternoon and Pittsburgh is at Green Bay, St. Louis is at Los Angeles. Atlanta meets San Francisco at Columbia, S.C., and Dallas plays Detroit at Tulsa, Okla., at night.

Pirates Shuffled Back To Second After 4-1 Loss To Phils

Brandt Does Damage With Pair Of RBI's

By HAL BOCK
Associated Press Sports Writer
When the Philadelphia Phillies talk about flukes, they don't mean the breakfast variety. Jackie Brandt, Philadelphia's journeyman outfielder, is the Phillies' own personal one-man show. He was one man too many for the Pittsburgh Pirates Thursday night.

Winters On Target At Pitt Practice

Former Potter quarterback Chuck Winters drew praise from Pitt University coach Dave Hart after drills Wednesday at Allegheny College where the Panthers are holding pre-season practice. Hart, who must be wishing he could use some of the freshmen he took to camp this fall, reported that Winters and Frank Gustine, son of the former Pirate, were throwing perfect strikes to the varsity receivers during the second day of practice.

Freshmen were taken to camp for the first time since the varsity was shorthanded on players for practice purposes.

lies downed Pittsburgh 4-1 behind Jim Bunning's eight-hitter. The defeat dropped the Pirates into second place in the National League, one-half game behind the idle San Francisco Giants.

In baseball parlance, a flake is an off-beat player who is somewhat eccentric. Brandt fills the bill perfectly.

Take the ice cream incident in spring training, for example. Brandt and a teammate decided they'd like a snack after dinner.

"Okay," said the teammate, "there's an ice cream place down the block."

"No, no," insisted Brandt. "I want to go to that 28-flavor place."

That was fine with Brandt's teammate except that the 28-flavor spot was 30 miles away. But Brandt won the argument and the teammates took the ride.

When they reached their destination, the other player ordered something scrumptious — the kind of treat you'd find in a 28-flavor spot.

And Brandt?

"I'll take vanilla," he deadpanned.

Now that's a flake.

The Pirates didn't think he was very funny though. His fourth-inning double brought Dick Groat home with Philadelphia's second run of the inning.

Johnny Callison had singled and scored on Groat's double.

In the sixth, Richie Allen singled, moved up on a sacrifice, and rode home on Brandt's second hit of the night.

In the only other National League game played Thursday, Chicago nipped New York 3-2.

The Cubs beat the Mets in the ninth inning for the second straight day when Don Kessinger scored the winning run on rookie Bill Hepler's wild pitch.

Kessinger and Glenn Beckert had opened the ninth with singles. After Billy Williams fouled out, Ron Santo walked, filling the bases. Then the first pitch to Ernie Banks was wild, allowing Kessinger to score.

John Boccabella and Byron Browne slammed home runs for the Cubs while Larry Elliot connected for New York.

McLain Wins 15th On Two Hitter; Baltimore Nips Indians, 4-3, In 11

By RON RAPOPORT
Associated Press Sports Writer
The next time Lou Boudreau brings out his movie projector and subjects son-in-law Denny McLain to films of the 1948 playoff game for the pennant between Cleveland and Boston, the young Detroit hurler can produce a few reels of his own and demand equal time.

There are a couple of one-hitters McLain pitched in May and a pair of two-hitters, also from earlier in the season, but the Academy Award winner is Thursday's two-hit performance, complete with happy ending, an 8-0 Tiger victory over Chicago.

McLain's previous low-hit performances came when he was the toast of the league, the winningest pitcher around. At the All-Star break, he was 13-4. But then he began taking his lumps.

It took Denny five tries to win his 14th and five more before he got number 15 Thursday. The fact that it came on such a sharp performance has to give McLain and the Tigers hope that he's ready to resume his leading-man role.

Boudreau, on the other hand, may find that his hours behind his projector are going to increase. As McLain explains it, whenever he and his wife, Sharyn, who is Boudreau's

daughter, visit the former Indian shortstop, he finds himself watching Lou win the pennant for Cleveland with his brilliant play.

"If I've seen that film once," said McLain, I've seen it a thousand times. I'm just glad I didn't have to pitch to that man. Boy, was he tough."

The Chicago batters were anything but tough Wednesday, though. Only Ken Berry, with a double in the fourth, and Jerry Adair, who beat out a single in the eighth, managed hits. The Tigers, though, started hitting early. They got three runs in the first inning, two in the second and, to round things out, three more on a Dick McAuliffe homer in the fifth.

In other American League games, California beat New York, 5-1, Baltimore took Cleveland 4-3 in 11 innings and Boston won a doubleheader from Kansas City, 8-6 and 4-1.

McLain, who struck out nine Thursday, is now 15-11 for the season. He walked just two batters and pitched his 10th complete game.

Jim Fregosi and Jay Johnstone knocked in a pair of runs behind George Brunet's six-hitter for the Angels. It was Brunet's 12th triumph of the season. Mel Stottlemyre, 11-15, was the loser.

Paul Blair's single in the 11th

drove in the winning run after a throwing error by Cleveland reliever Luis Tiant had allowed runners to second and third. The Orioles tied the game in the bottom of the ninth when Curt Blefary hit his 18th homer off reliever Dick Radatz. Stu Miller threw four innings of impeccable relief for the Birds.

Joe Foy hit a two-run homer in the bottom of the ninth in the first game and Hank Fischer, former National Leaguer, went all the way in the nightcap in the Red Sox' double victory.

Foy's homer came with two out off reliever Ken Sanders. Tony Conigliaro hit a two-run homer in the nightcap as Fischer allowed just eight hits in his first start with the Red Sox.

At Major League Meeting

Miller's Salary Approved, But 3 Proposals Rejected

CHICAGO (AP)—The major leagues apparently have cleared the way for the controversial matter of paying the annual \$50,000 salary of Marvin Miller, new executive director of the Major League Players Association.

But the 48-year-old former steel union official said he was disappointed in the club owners' rejection of three proposals by the players association for financing their affairs.

The owners voted Thursday to relieve the players of a \$2-per-day contribution to the pension fund, now totaling \$3 million, with the thought that this money could be diverted to paying Miller.

They also voted to increase the players' pension fund share by 55 per cent, or \$4 million annually, from television receipts from the World Series and All-Star games in 1967 and 1968.

Miller and commission William Eckert apparently disagreed over dropping the \$2-per-day item.

"Three proposals offered by the players association were rejected and I am disappointed," said Miller. "My meeting with the player relation committee headed by president Joe Cronin and Warren Giles of the Ameri-

can and National leagues was not a hostile one. I asked for basic thinking in their objection to my points. My next step will be to report back to the player representatives."

Miller's suggested proposals were:

1. Joint sponsorship of the All-Star game by the association and owners to get the income for the \$150,000 association operating expenses, including Miller's salary.
2. A proposed careful study of the time and expense of the association in administering the pension fund with the prospect of tapping the fund for that share of the association's budget.
3. A suggestion that the players be permitted to authorize either deduction of \$2 a day for association operations or have the option of continuing to contribute to the pension fund.

Eckert said that "in view of the great increase (of the players' TV money), the clubs further aided the players by relieving them of the requirement to pay the \$2 dues to the pension fund, although I would like to emphasize that the action will be entirely voluntary on the players part."

Whitey Ford OK After Operation On His Shoulder

HOUSTON (AP)—Whitey Ford, New York Yankees veteran pitcher, was reported in good condition today after a shoulder operation his surgeon described as successful.

The left-hander had gone on baseball's disabled list earlier in the week after complaining of cramps in his pitching arm.

A St. Luke's Episcopal Hospital bulletin said tests and examinations disclosed a blockage in a shoulder artery that supplies blood to the left hand. A six-inch vein was taken from one of Ford's legs Thursday and grafted to the shoulder area to form a bypass of the blocked area.

Grid Coaches Needed

Anyone interested in helping assist with the coaching of the Dixonville Vikings of the Midgett Football League call Frank Hilliard at 385-2125 or 385-3396. Practice is held at the Thompson Park entrance Friday and Monday at 5:30 p. m.

Wenzel Is Claimed By 3rd NFL Team

SALEM, Ore. (AP)—Line-man Ralph Wenzel may be one of the most-travelled rookies in the history of the National Football League.

The 6-foot-2, 240-pound Wenzel was the Green Bay Packers No. 2 draft pick last winter. The Packers dealt him to the Cleveland Browns and Thursday the Pittsburgh Steelers obtained him on waivers. That's three NFL teams for Wenzel in less than two months.

Wenzel, who played college ball at San Diego State, will see his old teammates Saturday night when the Steelers and Packers meet at Green Bay in an exhibition game.

Named Cage Coach

PITTSBURGH (AP)—Carnegie Tech announced Thursday the appointment of Irwin Fassinger as head basketball coach. Fassinger, an assistant for the past 17 years, succeeds Mel Cratsley, recently appointed athletic director at Point Park College.

Jack R. Waltz of Pittsburgh, Pa., will captain Yale's 1957 varsity tennis team.

Mexican Duo Pulls Upset In National Doubles Play

By HOLCOMB B. NOBLE
BROOKLINE, Mass. (AP)—Two short sticks of Mexican dynamite exploded on the grass of Longwood Cricket Club Thursday and killed the chances of one of the top-seeded teams of winning the U.S. National Doubles tennis title.

Joaquin Loyo-Mayo, who is 5-foot-4, and Marcela Lara, only about an inch taller, cut down the rugged Manuel Santana of Spain and Luis Garcia of Mexico 10-12, 24-22, 11-9, 3-6, 6-2.

The Mexican team volleyed with speed, power and precision to win what Longwood officials believe was the longest match in the history of the tournament. The 105 games took 2 hours and 12 minutes to play.

Defending champions Roy Emerson and Fred Stolle, the No. 1 American challengers, Dennis Ralston and Clark Graebner, and the five other seeded teams won convincingly, though not always easy, victories in moving into the quarter-final round.

Resings Capture Honors In Meet

The Resing family won honors in the Columbiana County Swimming meet held recently at East Palestine.

Mary Resing was first in the freestyle and backstroke and placed second in the breast stroke. Chuck Resing was first in the freestyle and breast stroke. Marcia Resing was third in freestyle.

They qualified for the County meet by winning at Thompson Park in local competition.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a 16-year-old girl who experienced a very strange thing and I want to ask you about it.

Yesterday I was in an apartment building waiting for the elevator and a nice-looking old man was standing there waiting for the elevator, too. I smiled at him and said, "Good afternoon." He replied with a very friendly smile and then he asked where I went to school, how old I was and a few other questions.

We must have chatted about five minutes and we both agreed that the elevator we were waiting for was surely the slowest one in the whole world.

Just as the elevator arrived the man took out his wallet and handed me \$5. He said, "I want to give you this for being so nice. Most people ignore me."

I was shocked and refused to take the money. I told him I enjoyed talking to him and that I wouldn't dream of accepting pay for it.

Is this the way the world really is? Are people so lonely for a kind word that they actually feel like paying a

stranger for just being pleasant? Please tell me. — PITTSBURGH TEEN-AGER.

Dear Teen-ager: It is unusual that a person would offer to pay a stranger for speaking kindly to him, but I can tell you, my dear, that millions of folks are unbelievably lonely — starved for a pleasant word.

You must be a truly lovely girl to have been so sweet to the elderly gentleman. Your life is sure to be filled with sunshine because you have the ability to bring joy to others. It is a rare gift. Use it well.

Poor Loser

Dear Ann: At an informal Saturday morning breakfast club a friend used to stop in each week to greet members. Even though he never joined us to eat we were happy to see him.

A few weeks ago someone mentioned baseball and mildly ribbed the man because his favorite team, once a mighty winner, was in 10th place.

This affable and jolly fellow turned livid. His lips trembled and he stomped out of the place in a huff. We haven't seen him since.

Is such volcanic anger proper conduct for a grown man? We are all disappointed and would appreciate your views. — MR. BANANA — ONE OF THE BUNCH.

Dear Bunch: Of course such lack of control is childish. But today's bums are tomorrow's heroes, so don't count the man out forever. When his team looks better he'll be back. (Would you believe five years from now?)

Best Policy

Dear Ann: I'm bored with your repeated knocks at the friendly cocktail. I know your type. You probably drink alone.

I enjoy a cocktail or two — or even three when I feel like it — and I resent your continued sniping at social drinkers. Also, I recently proved that liquor can be a friend.

I got smashed at a party the other night and fell over the dog. I was so relaxed I wasn't even bruised. If I hadn't been drinking I might have broken my neck. What do you say to that, Ann Landers?—MARY.

Dear Mary: I say if you hadn't gotten smashed you might have seen the dog and not fallen at all.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Union Asked To Join Leadership Program

The International Brotherhood of Operative Potters said today it has been invited to participate in a union leadership program sponsored by the labor education and research service of Ohio University, in which classes will be held this fall in 15 Ohio cities.

E. L. Wheatley, international president of the union, said he will call the program to the attention of local unions throughout Ohio and suggest they take advantage of the classes, which will begin in October. Brochures on the program will be sent to each local.

District communities in which classes will be held include Akron, Mansfield and Kent.

New Court Term Set To Begin On Sept. 6

LISBON — The April term of Columbiana County Common Pleas Court will close as the September term opens Tuesday morning, Sept. 6.

As usual each new term, the county bar association will have luncheon at noon in the VFW McKinley Room, then return to Courtroom 1 for a business meeting.

12 Promoted At Crucible's Midland Mill

Two employees at the Midland Works of the Crucible Steel Co. have been promoted as supervisors, and ten others have been appointed turn foremen, Guy F. McCracken, Works Manager, announced.

William S. Marino Sr. of 566 Virginia Ave., Chester, W. Va., former Clerical and Technical Union employee who served as Turn Scheduler - Production Control, has been promoted to Supervisor - Production Control in the Cold Strip.

Marino served four years — 1962-1966 — as President of Clerical and Technical Employees Union Local 3177, United Steelworkers of America, at Midland Works. He previously served two years as Vice President of the Local.

Leo C. Ellsworth, 543 Alice St., East Palestine, former Systems Engineer, has been promoted to General Supervisor-Systems and Procedures in Data Processing.

Six employees have been promoted to turn foreman in Maintenance. They are: Walter R. Smith of Walker St., East Liverpool, in the Cold Strip; Joseph M. Mullian of 97 Edgewood Circle, Meadowbrook Estates, Industry, 24-Inch Bar Mill; Dale McDaniel of Summit Dr., East Liverpool, Melt Shops; Sebastian F. Cilli of Smiths Ferry R.D. 1, Blooming Mill and Conditioning; Richard M. Titus of Dilworth Rd., East Liverpool, Melt Shops; and Marco Steiner of Calcutta, Blooming Mill and Conditioning.

Four others promoted as turn foremen are: Homer W. Bryner of Monaca, Forge Stock Department; John L. Martin of Industry R. D. 1, Cold Strip - Finishing; Frederick R. Crawford of 1730 Anderson Blvd., East Liverpool, Machine Shop; and George V. Peterson of 716 Penn Ave., Midland, Warehouse.

Wheat Allotment Revisions Slated

LISBON — The Columbiana County Agricultural Stabilization and Conservation Committee is preparing revised wheat allotments.

Chairman J. Glenn Bates of Salem Township said the allotments will reach county farmers about Sept. 1.

Vice Chairman L. E. Lora, Committeeman Carl Daiger and alternate Clyde Farmer, all of Salem R. D.; Clifford F. Shaw of Lisbon, SCC office manager, and Miss Thelma Clark of Salem R. D., price adjustment clerk, attended a district meeting Wednesday at Euclid.

Instruction was offered on 1967 wheat program regulations and the conservation base.

After the study session, the group made a boat trip six miles up the Cuyahoga River to see Cleveland's industrial development, the relationship of northeastern Ohio to world trade and industry's pollution of the river and erosion of the banks.

Canton Duties Begun By Lisbon Resident

LISBON — Jeff L. Henry of E. Lincoln Way, who received a bachelor's degree in art education last weekend at Mount Union College, Alliance, will be art supervisor this year for the McKinley School district in Canton.

A four-year football letterman at college, Henry began work Monday as an assistant football coach at McKinley High School. He is the son of Mr. and Mrs. Frank Henry.

A coat of paste wax applied occasionally to oilcloth will keep dishes and objects from sticking to it.

Viet Natives Get Big Kick From Pipes Sent By Post

Thanks to a helping hand from Pvt. Tommy Mackall VFW Post 5647 of Wellsville, many tribesmen and natives of South Viet Nam are putting it in their pipes and smoking it — and enjoying it!

The post has been collecting old and new pipes and forwarding them to U.S. advisory teams in Viet Nam, which in turn see that they are distributed among the South Vietnamese.

A letter from Sfc. Richard Turner, a member of one of the advisory units, to Post Comdr. Fred Payne points out the enjoyment the natives get from the pipes.

Turner had this comment: "I am acknowledging receipt of the pipes donated by your post and I want you to know that the yards (Montigands) would elect me king if I wanted to seek that office. Now my problem is to keep them from smoking the pipes at night when we are on patrol."

In his letter, Turner pointed out the trouble American and South Vietnamese have in tracking down the elusive Viet Cong. "We have made contact with a North Vietnamese regiment on three separate occasions in three different locations and each time contact is made they break away and just disappear."

The Wellsville post has forwarded some 400 pipes to date to the Viet theater of operations and is collecting more which will be mailed later.

Anyone having pipes they wish to donate either may leave them at the post or contact one of the following committee members: Pat Scarbino, Nick Puch, Albert O'Rourke or Payne.

The post also has purchased stickers reading "Back The Boys In Viet Nam." Any person wishing to display a sticker may pick up one at the post home, 359 Main St.

2 Aides Join Crucible Staff

Two new employees were hired recently at the Midland Works of the Crucible Steel Co. — one in Labor Relations and the other in the Works Controller's Office.

John J. Graham of Beaver Falls, who has extensive experience in industrial relations, has joined the labor relations staff.

He formerly served as assistant to the president and director of industrial relations for the McKinney Manufacturing Co. at Scranton. He also has served as industrial relations manager for the H. K. Porter Co., Inc., National Electric Division at Ambridge and assistant to the vice president of industrial relations at the National Electric Products Corp. in Ambridge.

He is a graduate of the Uni-

versity of Pittsburgh and has a degree in Industrial Relations. He is a member of the Elks Lodge of Greensburg, Pa. Mr. and Mrs. Graham and their two children reside at 121 Smith Ln., Beaver Falls.

David J. Pugh of Pittsburgh has been appointed staff accountant in the works controller's office. He is a former cost analyst for the American Bridge Division of U. S. Steel Corp. at Pittsburgh.

He is a graduate of West Virginia University, where he received a degree in Accounting. Mr. and Mrs. Pugh reside at 532 Chatham Park Dr., Pittsburgh.

Beaver Plans Sessions For School Heads

BEAVER — The Beaver County School Board, meeting here Wednesday night, agreed the annual county convention of school directors (members of Boards of Education) will be held the evenings of Oct. 5 and 6 at the Rochester High School.

The session is a preliminary to the annual statewide meeting of school directors, which will be held Oct. 19-22 at the Hilton Hotel in Pittsburgh. The county groups' planning committee will meet Sept. 21 to discuss problems and proposed legislation to be presented at the meeting in Rochester.

The county board also heard progress reports from the trustees of a proposed community college. It voted to make avail-

able all county office space for the use of the trustees in advancing the program. The trustees have set a meeting Monday night at 8 at Monaca Junior High School with representatives of member districts.

The county board approved various transportation contracts for the new term, as well as the budgets of the Potter Township and Hopewell Independent and Racoon Township District.

It accepted the resignation of Patricia Ann Cekoric, a speech therapist in the special education program, who has taken a new teaching position in Aliquippa. The board hired Thomas Yankellow of Sewickley, a Clarion College graduate with additional training at Penn State University, to teach special education classes at Hopewell Senior High School.

Military purchases are presently taking over five per cent of the total output of this country's textile mills.

passed a significant milestone in the U.S. Apollo man-to-the-moon program.

The rocket, the nation's most powerful, hurled an unmanned Apollo moonship over a blistering suborbital course that carried it three-quarters of the way around the world to a safe parachute landing in the Pacific Ocean.

The flight was intended to qualify the spacecraft and the Saturn 1 for launching Grissom, White and Chaffee into earth orbit in December to start an all-out drive to land astronauts on the moon in 1968.

Before they go into space, two more two-man Gemini flights, in September and October, will conclude that second-generation program.

The National Aeronautics and Space Administration reported that preliminary evaluation of data indicated no problems with the Saturn 1 and only a few minor ones with the spacecraft.

Dr. George E. Mueller, NASA associate administrator for manned space flight, reported all objectives apparently were met on the flight but that a detailed analysis would not be available for about three weeks.

He said all information must be studied before committing the next Apollo flight to a manned mission. He expects a decision in October or November.

Meanwhile, the three astronauts will train with the expectation that they will be in orbit for up to 14 days in December.

Sources report NASA is aiming for a mid-December launching. On that schedule, Grissom, White and Chaffee would be in orbit on Christmas.

The spacecraft survived a searing dive Thursday back through the earth's atmosphere from a peak altitude of 706 miles. Its heat shield protected it from temperatures that ranged up to 2,700 degrees.

The spacecraft on launch weighed 28 tons, the heaviest ever sent into space by the United States, the 5½-ton cabin section in which astronauts will ride separated before re-entry.

It rode three large parachutes to a splashdown southeast of Wake Island in the Pacific after a 93-minute slight of nearly 18,000 miles — about 200 miles short of the intended target.

The main recovery ship, the aircraft carrier USS Hornet, required several hours to reach the scene for a pickup Thursday night. Airplanes spotted the bobbing vehicle about 45 minutes after splashdown and dropped frogmen to secure it.

Man Kills 5, Wounds 2 In Connecticut

NEW HAVEN, Conn. (AP) — Five persons were killed and two wounded early today when, police said, a man whose girlfriend had left him entered her mother's home with a rifle and began firing.

After leaving dead and dying in nearly every room of the six-room apartment of Mary McCleese, the man walked out and drove off.

Hours later, state police in Newark, N.J., reported the arrest of a man believed to be Arthur Davis, 37, of New Haven—the man for whom a multistate alarm had been issued in connection with the slayings.

A woman, who had watched from her window as the killer left the apartment, said he wore a cowboy hat and seemed in no hurry to get away.

"He just walked along, swinging that gun with one hand," said Mary Menchaca.

Moments later, she said, a boy who had survived the blood-bath ran from the apartment screaming "Somebody please help me! Please help me! They're all dead!"

The shootings occurred in a city-run housing project in the Negro section of New Haven. All of those involved were Negroes, police said.

Besides Mrs. McCleese, 51, those slain were all friends of her family: Neil White, 55, of Dover, N.C.; Richard Leathers, 27, of New Haven; and Caroline Sykes, 24, and her son, Michael, 5, also of New Haven.

One of Mrs. McCleese's daughters, Francine, 14, suffered a stomach wound and was reported in critical condition.

Troy Sykes, 4, son of Mrs. Sykes, was wounded in the chin but was reported in satisfactory condition.

The only persons in the apartment to come through the ordeal unscathed were one of Mrs. McCleese's daughters, Leatrice McClure, 26, and Royal McCleese, 12.

The survivors said Davis had been demanding for days to know the whereabouts of his former girlfriend, another of Mrs. McCleese's daughters, Gloria Baskerville.

After breaking up with Davis, she said, Mrs. Baskerville moved to Boston but this information was kept from Davis.

Boston police, alerted to the slayings, put a force of officers into the neighborhood where Mrs. Baskerville has been staying.

"He was angry because my older sister left him," said Loretta Henderson, another of Mrs. McCleese's daughters. "He was very upset about it, and I think he just 'went off' or something."

Light Damage Caused By Blaze In Crucible

A piece of hot loose steel which skipped by a roll in the bar mill at the Midland Works of the Crucible Steel Co. caused slight fire damage to a wooden storage bin Thursday shortly after noon.

The blaze was extinguished by the plant fire brigade before arrival of Midland volunteer firemen, who were summoned.

Driver Fined At Salineville

SALINEVILLE — A Salineville driver, seized after a police pursuit Aug. 16, was fined a total of \$60 and costs by Mayor Stanley Fitch Thursday night.

Barry Whitaker of E. Main St. was fined \$10 and costs for failure to obey a police officer and \$50 for reckless operation.

He was pursued by Deputy Marshal Gordon Sweeney on Main St. and out Route 39 after the officer attempted to halt him in the village, and was later apprehended.

Asked why he did not halt, Whitaker told the mayor he believed another arrest would cause him to lose his license on Ohio's point penalty system.

Two motorists forfeited appearance bonds — Dwane Eick of Minerva, \$10 for failure to halt for a stop sign, and Frank Lee Tompkins of Buckeye Ave., Wellsville, \$16 for speeding.

John Dale McIntosh of 18th St. Heights, Wellsville, was fined \$10 and costs for speeding.

A hearing is slated tonight for Michael Jones of Summitville, cited June 15 for reckless operation after his car struck and injured Dr. C. A. McCullough of Salineville, who was getting into an auto on E. Main St.

Youth Corps Job Receives Praise Of Park Council

LISBON — The Neighborhood Youth Corps, which ends an eight-week project today at Beaver Creek State Park, received praise Thursday night from the Columbiana County Forests and Parks Council.

Miss Catherine Franzetta, director of the Community Action Committee, introduced the eight boys and one girl and told what the program meant to them in the way of financial help and work training.

Steve Barborak of West Point, vice president, presided during the meeting in Williamsport Church in Beaver Creek Park.

Boyd Lower of Lisbon, council secretary, showed slides of the NYC at work clearing brush, painting the church and digging around Gaston's Mill, where a waterwheel will be installed.

NYC workers present were Cheryl Mills, Richard Kidder, James Van Newkirk, Floyd Gilmore, John Sines, Gary Miller, Ed Talbot, Richard Watkins and Paul Beabout. Also introduced was Mrs. Sandy Conn of Lisbon, Lower's secretary for council affairs.

Warden Resigns As Report Shows Prisoner Abuse

PITTSBURGH (AP) — The warden of Allegheny County jail has resigned just as a district attorney's report showing prisoners were being abused was released.

Warden Grant Price, who has served the jail in various capacities for 38 years, made no mention of the current criticism of his administration in his letter of resignation Thursday.

At the same time, Dist. atty. Robert W. Duggan was upholding some of the complaints by prisoners which led to them taking a guard hostage last Saturday.

"The investigation was clearly shown that abusing prisoners is a condition which has existed for some time and which, generally, occurred during the night."

Out Of The Air

By HAL HUMPHREY

No Business Like Moon Business

Show business seems to be infecting the scientific fraternity, judging from some of the dialogue accompanying the pictures presented on TV by the men operating Lunar Orbiter I the past few days.

When the first fuzzy photos of the moon came through, more alibis were Hal Humphrey flying through the air than pictures. At first the blame was laid on a "communications problem" between the Goldstone tracking station in the nearby Mojave Desert and the Jet Propulsion Laboratory (JPL) in Pasadena.

"THE QUALITY of the pictures you saw on TV is not

equivalent to the quality you will see on the final film," announced spacecraft manager Israel Tabeck.

A couple of days later the JPL scientists admitted there was a malfunctioning high resolution lens in Lunar Orbiter I. They blamed it on the spacecraft's "motion compensation system."

Finally viewers of TV were shown what was called the first clear high-resolution photo of the far side of the moon but, as one lay commentator observed, it didn't look any different from the front-side or, for that matter, the back-side pictures which the Russians took of the moon seven years ago.

WHAT WE PROBABLY should brace ourselves for now is that corny old Hollywood classic, "Nobody sets out to make a bad (moon) picture."

If Israel Tabeck or one of his space project colleagues comes up with that one before the week is out, then we'll know they've gone Hollywood.

Once the scientists become this sensitive to public criticism of their space probes, we'll begin to witness all kinds of unscientific department on their part. There'll be story conferences before Orbiter II is launched in November, you can bet.

"We've got to make sure the launching is after Nov. 8," says spacecraft manager Tabeck. "If we don't, we'll run smack into TV's coverage of the election, and our moon pictures will fol-

low the late, late show, and we won't get Cronkite."

"VERY GOOD thinking, I'll take care of that," says NASA's project director Clifford Nelson, "but what I'd like to know is what are we going to do different this time?"

"Different! What do you mean? You think orbiting the moon and taking pictures is for kids? Maybe you want John Wayne to emcee the liftoff at Cape Kennedy," Tabeck snaps. "Please, Israel don't be so sensitive. I only meant the public seems to be getting kind of indifferent to our moon pictures. Why can't we send Orbiter II the other way around and take shots of the top and bottom sides of the moon. You know, that Wayne idea for the liftoff isn't bad either," Nelson says.

TABECK stomps from the room, mumbling something about appreciation, and the NASA people recess the conference until after lunch and a cool - off period for Tabeck. Meanwhile, on the other side of town in Hollywood there's a meeting of the networks' three special events directors.

"Well, what're we supposed to do for these space jockeys and their Orbiter II?" asks the NBC man.

"Personally," says the CBS man, "I'm in favor of telling them to take the moon..."

"Uh, uh, uh, watch it, Joe. The room may be bugged," chimes in the ABC man. "I know how you feel. These guys are getting more temperamental than LBJ, and if I see one more moon crater I'll scream."

"SO, I SAY AGAIN, what're we supposed to do?" The NBC man yawns.

"Wait a minute, I may have an idea. Why not get one of our program chiefs to offer them a moon series, but tell 'em they have to come up with their own pilot film?" suggests the CBS man.

"I don't get it," says the man from ABC.

"Look," says CBS, "you know how much chance there is of selling a pilot to TV, and it takes at least two years to find out you've bombed. Well, we'll be rid of these moon guys for two years."

"Yessir!" yell NBC and ABC, "there's no business like moon business."

Mother, 17, Charged In Infant Son's Death

CLEVELAND (AP) — A 17-year-old West Side mother has been charged with delinquent manslaughter in the death of her 3-month-old son.

Mrs. Sandra Cunliffe, charged in juvenile court Thursday, had been charged earlier with her husband, Chester, 18, with child neglect.

China, India and Russia, in that order, are the three most populous nations in the world.

Youngstown Chief Says NBC Unfair In Program On Crime

YOUNGSTOWN, Ohio (AP)—that while bookmaking and gambling have been reduced considerably, "there are still rather well known establishments which operate under so-called nickel and dime basis... with the knowledge of the police."

Former municipal judge Don Hanni said, "I mean a man has to be deaf, dumb, blind and bowlegged to say there's no rackets in Youngstown."

Hanni and Spahr could not be reached Thursday night for comment.

'Ownerless' Junkers To Face Removal Also

Abandoned junk cars will be towed off East Liverpool streets if the owners cannot be located in the 30-day "grace" period prescribed under a new city ordinance, Police Chief Americo J. Radeschi said today.

Council enacted the regulatory measure Aug. 15, providing that any vehicle which is not in running condition and is in an unsafe operating condition must be removed from the streets if it has been abandoned 30 days or more. Officers have been unable to locate owners of some of the junk cars, but the vehicles still will be removed if they have been on the streets over 30 days, Radeschi said.

The ordinance provides that the city must serve a notice on the owner of the abandoned auto, warning him to remove the vehicle within 15 days or face prosecution that could lead to a fine of up to \$50 and costs.

NBC said that from illegal gambling alone, organized crime will make more money this year than General Motors, Standard Oil, Ford, General Electric and United States Steel put together.

Youngstown was chosen by the report to show that organized crime was not necessarily big city crime. Youngstown—a city of about 167,000—was described as a case history of this.

Herman G. Spahr, a special investigator for the Youngstown Chamber of Commerce and a special deputy sheriff, was quoted by NBC as saying

Midland Men Serve In Viet

Three Midland area servicemen are among those on duty in Viet Nam, while a fourth has returned from the Southeast Asia area.

Army Pfc. David H. Noah, son of Mr. and Mrs. George F. Noah of Industry R. D. 1, is serving with the 554th Light Equipment Co.

Noah, a signal supply and parts specialist in the company near Qui Nhon, entered the Army in July 1965 and was stationed at Ft. Ritchie, Md. He is a 1962 graduate of Lincoln High School at Midland.

Marine Pfc. James E. Graham Jr., son of Mr. and Mrs. James E. Graham of Hillcrest Manor, Midland, is serving in the Chu Lai section with the 2nd Battalion, 7th Marine Regiment, 1st Marine Division.

He is participating in infantry search, clear and destroy operations against the Communist forces. His battalion also performs day and night patrols in defense of the Chu Lai airfield.

Navy Airman Apprentice George Menich, son of Mr. and Mrs. Michael Menich of 640 Beaver Ave., Midland, is aboard the attack aircraft carrier Oriskany, operating in support of U. S. forces in Viet Nam. Embarked aboard the Oriskany are the men and aircraft of Carrier Air Wing 16.

Navy Seaman Apprentice Harold G. Midcap, son of Mr. and Mrs. Walter B. Midcap of Georatown, is aboard the guided missile frigate Coontz, which has returned to its home port of San Diego after a six-month tour with the 7th Fleet in the Western Pacific off the coast of Viet Nam.

The Coontz was assigned sea-air rescue duty with the 7th Fleet. While serving in this capacity, she was instrumental in rescuing three pilots.

'Hot Seat' Nears For Pigeons In Courthouse Area

LISBON — Perch-No-More, Inc., of Youngstown soon will flip the switch on an electric system to chase pigeons from roosts on the Courthouse.

Robert Shaffer of Boardman, president, said the system, on which he holds a patent, is guaranteed to get rid of the pigeons. He is in charge of installing a wire along ledges where the birds have become a nuisance.

County commissioners signed the \$1,400 contract Aug. 8. Workmen had little trouble installing the wire on the south side of the building because they could work from a Bosun's chair suspended from a 65-foot boom based on a truck in the alley.

The front and north side of the building are taking longer. Commissioners did not want to risk breaking the sidewalk with the boom truck so the workmen are using a scaffold raised by block and tackle. Completion of the job is expected next week.

Noise In Man's Car

MEMPHIS, Tenn. — The noise in C. B. Roach's car kept going "kerplunk," but Roach couldn't find the source.

"I don't care what you do," Roach finally told the mechanic. "Take the car apart. Just find that noise."

The mechanic turned up a turtle behind an upholstery panel. It apparently had nested there for about four months.

BETTER BUYS BY BRIGHT

LACROFT AVENUE — Here's a one story five room and bath three bedroom home completely remodeled in beautiful paneling, carpeted living room, modern kitchen with built-in oven and range. New gas hot air furnace and located on three nice lots. Detached garage and large storage space. Price would be attractive at \$9,500.00 but due to circumstances beyond control, owner will leave living room suite, color television, living room carpeting, practically new double door refrigerator, six month old washer and dryer, two bedroom suites, breakfast set and practically all of the furniture, you need to go to house-keeping. Available before school starts.

Here's a BEAVER LOCAL SCHOOL SYSTEM location at Sub-Station, just near Memorial Cemetery. It's a three bedroom one story Brick and Frame construction home on a nice 75 x 120' lot. Good size laundry room, modern bath and a large car-port that can be converted to a patio for summer living. Total price just \$12,900.00 and easily financed with \$1,400.00 down payment.

VERY EXCELLENT BUY on this four room and bath cottage at 1826 Smithfield Street for just \$6,900.00. Home has a full basement with a gas hot air furnace, large 1 lot 80 x 100 and very low on maintenance cost. Available before school starts.

Here's another near School location at 928 MONTGOMERY AVENUE. Home is situated on a double lot, has six good size rooms, with a full basement and a new gas hot-air furnace. Excellent condition throughout and available before school.

Junior Editors Quiz on
TREE KNOTS

QUESTION: How are the knots in the bark of trees formed?

ANSWER: In (1) Bob swings happily from a flourishing tree branch growing out sideways from the trunk. A tree trunk may be powerful, holding the tree up because of its strong wood structure inside. But it was once just a thin little rod growing up toward the light. Think of tree growth in two ways. First, there are stems growing out from their tips, all trying to get their leaves into the light. Secondly, the trunk and branches get thicker because of new living layers (called cambium). These form one after the other, between the bark and the interior wood. Look at (2): the tree is much higher and wider out of the picture, but the trunk and branches have grown a lot, too—so has Bob. Years later (3) Bob comes back to look at the tree he used to love to climb in. The branches he used to sit on have been so shaded that it has lost its leaves and is rotting away. And even later, (4) there's only a hollow where the branch was: the growing bark has circled around it. That's how knots are formed in tree trunks.

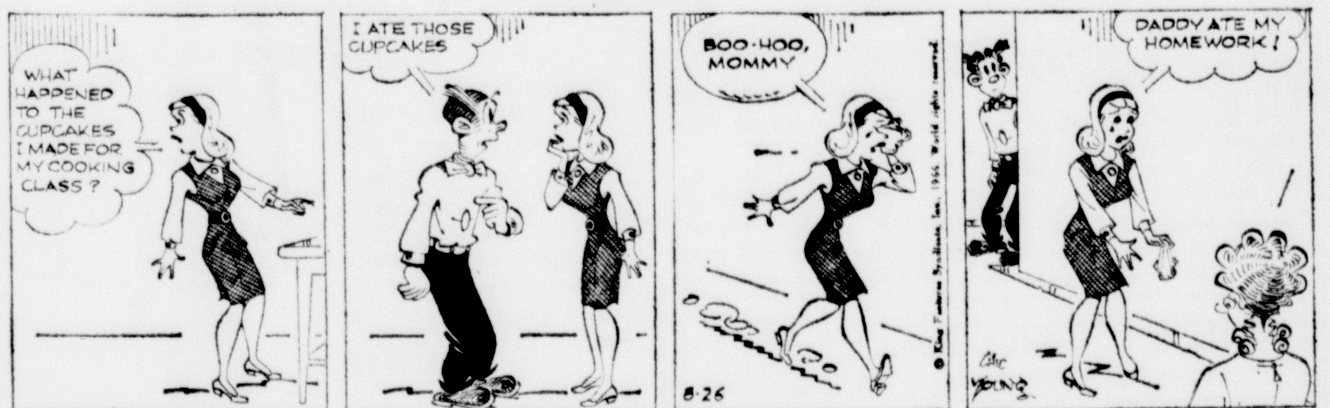

FOR YOU TO DO: Ask yourself why, in (4), the tree has grown older and Bob younger? (Answer: that's Bob's son, George.)

Alfred Lipp of North Bergen, N. J., wins today's combined prize of Compton's Illustrated Science Dictionary plus \$10 cash for this question. Mail yours on a postcard to Junior Editors in care of The Review.

Today In History

By The Associated Press

Today is Friday, Aug. 26, the 238th day of 1966. There are 127 days left in the year.

Today's highlight in history: On this date in 1920 the 19th Amendment to the U.S. Constitution, giving women the right to vote, was proclaimed in effect.

On this date: In 1929, the Graf Zeppelin reached Los Angeles from Tokyo.

In 1940, the joint Canadian-U.S. Defense Commission held its first meeting.

In 1945, twenty-one Japanese envoys boarded the battleship U.S.S. Missouri for surrender instructions.

In 1946, for the first time in

its history, the United States agreed to accept a higher legal authority than its own. Washington agreed to accept the jurisdiction of the International Court of Justice in legal disputes on the interpretation of treaties and international law.

Ten years ago — It was disclosed in a White House statement that the Soviet Union had exploded a nuclear test weapon in Soviet Central Asia.

Five years ago — British Prime Minister Harold Macmillan said the Berlin situation was serious, adding, however, "no body is going to fight about it."

One year ago — The manned Gemini 5 space craft, in orbit five days, broke Soviet record for longest flight in space and the number of man-hours aloft.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: A woman hand and this gives each glove equal use. They don't wear out rubber gloves with water when putting them on and taking them off.

Instead of getting her hands wet, she should try putting powder on her hands before putting on the gloves.

When finished, wash your gloved hands, dry them and put more powder on the outside of the gloves.

Take them off, turning them inside out. Now they are ready for the next time, already powdered and not sticking together. This is also good for the gloves because they fit either

We find this nice and easy and quick at our beauty shop. A FAITHFUL READER.

Powdering the gloves does work wonderfully, but you really hit the jackpot when you said to leave the gloves inside out when you take them off. Next time you take them off they will be right side out, etc.

We gals tug and pull, trying to get them right side out each time — then complain because the right one wears

out first, when all we have to do is alternate them to get even wear!

HELOISE.

LETTER OF LAUGHTER

DEAR HELOISE: Our children call the rubber scraper a "child cheater" when I scrape the cake batter out of the bowl!

LUCI.

DEAR HELOISE: Whenever I need to wrap a baby gift, I buy one yard of juvenile print flannel and fasten it with fancy diaper safety pins. It makes a darling package, and the mother can use the flannel later to make something for the new baby.

JO ANN BURGER.

DEAR HELOISE: A hint for mothers whose children like to water paint or poster paint: Use a muffin tin, preferably a 12-cup one, to hold water for cleaning brushes.

This saves mother many steps of changing water.

MRS. DETEDING.

DEAR HELOISE: I find that when I poach eggs, if I fill the pan with water up to the bottom of the cups and add a small piece of butter or some grease drippings to the cups, the poached eggs are more tasty to my family.

N. EDWARDS.

I have had poached eggs with butter in the cups, but, ohh, gals, just try them with bacon drippings!

Thanks for this delightful change of pace in seasoning.

HELOISE.

DEAR HELOISE: With hemlines so short it seemed as though my older (but in good condition) wide-lace-trimmed slippers were wasted.

My little daughter was always complaining about wearing both an undershirt and slip as she said it was too warm.

I decided to cut the wide lace from the bottom of my slippers and sew it to the bottom of her

STEPHANIE'S MOTHER.

DEAR HELOISE: Shirt cardboards make good recipe cards.

Cut them 3x5 inches. Either write the recipe on the card or paste one on that you cut out of the paper or a magazine.

They are stiff enough to file easily in a little box.

MRS. KEESEE.

DEAR HELOISE: When I take my dust mop head off the handle to wash it in the washer, I put it in an old pillow case and pin it with a safety pin.

This saves the lint from getting all over the washer.

Unhurt In Crash

WILMINGTON, Ohio (AP)—U. S. Army Reserve Capt. John F. Szuch, 28, Parma, walked out unhurt Thursday after crash-landing a small helicopter in a cornfield near the Fayette-Clinton County line shortly after leaving Clinton County Air Force Base.

Pfc. Elwood Davis Honored

Parents Of War Victim To Get 2 More Medals

The parents of a Salineville area soldier wounded mortally in Viet Nam last Nov. 17 have been advised by Army authorities that they will receive two more decorations awarded posthumously to their son by the South Vietnamese government.

The medals will be given to Mr. and Mrs. Elwood Davis of near West End, Salineville, in recognition of the service of their son, Pfc. Elwood W. (Skip) Davis Jr., 26, who lost his life while fighting with the 1st Cavalry Division.

They are the Military Merit Medal and the Gallantry Cross with Palm, both conferred on the soldier by the Republic of Viet Nam.

Word of the award of the decorations was sent to Mr. and Mrs. Davis in a letter from Maj. Gen. Kenneth Wickham, adjutant general of the Army. "The officer selected to make delivery of the decorations will

communicate with you in regard to a time and place satisfactory to you," the letter said.

The officer apparently has not been selected, but an earlier presentation of a U. S. decoration was made in a ceremony at the Carrollton City Hall by Maj. Robert Sagona of the Ravenna Arsenal, designated as an armed forces representative.

The parents received the Bronze Star Medal in the ceremony at Carrollton in February. At the time of his death, Pfc. Davis was awarded the Purple Heart.

The Bronze Star was awarded "for heroism and valor" while serving with a unit of the 7th Cavalry Regiment which was making an assault landing and moving into position when it was hit by an enemy force.

Pfc. Davis had visited in East Liverpool frequently before entering the service. He was a brother of Mrs. Helen Williams of 1049 Monaca St.

Kivans Hear Youths Describe Soap Box Derby

The thrill of racing in the annual All-American Soap Box Derby at Akron was described by Rick Kevan of Wellsville during the meeting of the Kiwanis Club Thursday at the Travelers Hotel.

The youth and Don Mason of Wellsville, another racer, were guests of the club, along with their fathers, Dan Mason and Richard Kevan.

The younger Kevan, who came in second in the heat in which he participated at Akron, told of the construction requirements for the cars, along with the experiences he had during his stay at Akron.

Some 252 cars took part in the race, which was staged three cars at a time down the 975-foot runway. The fastest time recorded was 27.14 seconds, and none of the cars was over 28 seconds.

He also told of the various prizes and scholarships presented.

Young Mason described how his car was assembled and made. A maximum of \$45 is permitted for construction and the boys are to do the work themselves, he pointed out.

Mason's father spoke of the preparations made for the races and of the organization required. He cited the benefits of the projects for youths and pointed out the two boys had to travel to New Philadelphia to compete.

Mason suggested a local derby, sanctioned by the Akron organization, be organized to stimulate the interest of boys and channel their energy to a worthwhile activity.

Norman Nicely, program chairman, introduced the youths, and commended them for their accomplishments.

To toast sesame seed, spread the seed in a shallow pan and bake in a slow oven for about 15 minutes.

Lisbon Area Private Arrives In Viet Nam

LISBON — Army Pfc. James H. May, son of Mr. and Mrs. James F. May Sr. of Route 4, has arrived in Dong Ba Thin, Viet Nam, with the 577th Engineer Battalion.

The battalion, previously located at Ft. Benning, Ga., is now a unit of the Army's 45th Engineer Construction Group in Viet Nam.

May, a mechanic in Company D of the battalion, entered the Army in October 1965 and received basic training at Ft. Benning, Ga.

He is a 1965 graduate of David Anderson High School.

Authorities Hunt 2 Institution Escapees

LEBANON, Ohio (AP) — Authorities were looking for two men serving 1 to 15 years sentences for burglary who escaped Thursday from the Lebanon Correctional Institution.

They were identified as Samuel Hughes, 26, Columbus, and Harvey Bush Jr., 25, Dayton.

Water Loans Okayed

WASHINGTON (AP) — Loans of \$70,300 for planning new water facilities in the Steubenville area have been approved for Jefferson County, Ohio, by the Department of Housing and Urban Development.
